These alumni
typify the leaders
Boston Latin School has produced
for three hundred twenty-nine years.

A dedicated faculty,
a basically classical curriculum,
and a tradition of excellence
now fused with
the physical sciences of the missile age,
have combined to establish
the reputation of Latin School
as a training ground
for leaders,
a breeder of democracy,
and a producer of men who can "think."

We invite you now
to read the yearbook of the Class of 1964,
and spend a day
at Latin School.

JOHN J. DOYLE
Headmaster

In Recognition Of His Years

DEDICATION

In 1912, Boston Latin School graduated one hundred two boys of a total enrollment of eight hundred thirty-one. Among those graduates was John Joseph Doyle, a young man who, after college and service in World War I, went on to devote forty-four years of his life to the Boston public school system, spending twenty-eight of these at his own alma mater, first as an instructor, later as a department head, and finally as headmaster.

Mr. Doyle has witnessed dynamic changes in American education during his career. Technological advances have made the sciences vitally important parts of high school programs and the "classical curriculum" itself. Colleges have become more selective. The quality of secondary schools has improved and the "college panic" has become a frightening reality to hundreds of thousands of students.

In the midst of these pressures Mr. Doyle has remained an idealist as well as a progressive, and a proponent of innovations such as entrance examinations, an expanded science program, and the language laboratory. Yet under his guidance, Latin School has maintained its classical tradition, providing a sound foundation in the humanities as a basis for education in a changing world.

In recognition of his years of service to the school, and in appreciation of his sincere and tireless efforts in behalf of thousands of Latin School boys, the Class of 1964 dedicates this yearbook to our headmaster, John Joseph Doyle.

"Really?"

"I'm the headmaster, that's who!"

Monday morning.

Of Service To The School . . .

An Emphasis On Study . . .

HEADMASTER'S MESSAGE

You members of the Class of 1964 have reached the end of one phase of your journey through life.

Your entrance into this school was the beginning of that phase. While you have been students here, you have subject to a stiff curriculum, many tedious hours of study, and last, but not least, to certain rules and regulations which may have irked you.

Everything to which you have been exposed at Latin School has had its purpose. First, the curriculum has been fashioned to prepare you for entry into and success at a college of your choice.

The hours you have spent in preparation for your daily work have given you the background you need for further study and have taught you how to prepare yourselves for the problems which will be presented to you. The emphasis placed upon strict adherence to our rules and regulations has been for the purpose of preparing you for the place you will have to take in our civilization.

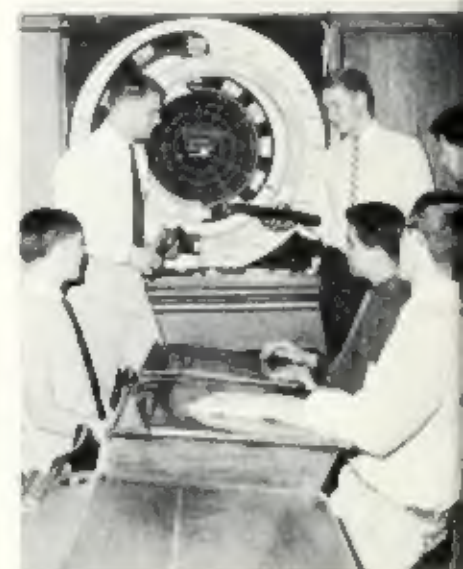

You will find, perhaps through bitter experience, that certain things are expected of you both in college and in after days which will be essential to you if you are to be a success in your chosen field.

As members of the Boston Latin School Association you will be called upon to serve your Alma Mater and the boys who are to follow in your footsteps.

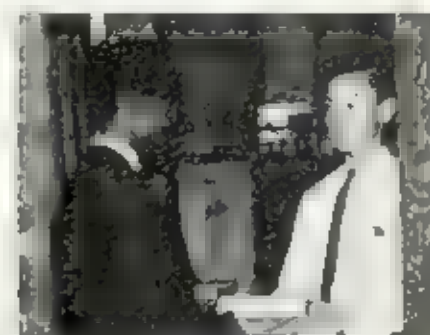

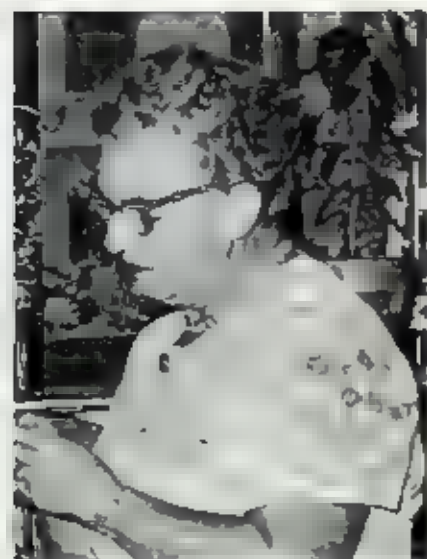

Never hesitate to answer any call that may be made upon you. Your predecessors have always been ready to give what help they could for your benefit. It will be your duty to help those who will be your successors.

We know that at times you have felt resentment at some of the tasks imposed upon you. In later days you will realize that what you thought was unreasonable and irritating was for your own good. We hope you will look back upon your days here and be thankful that what you faced here gave you a good foundation for your chosen field of endeavor.

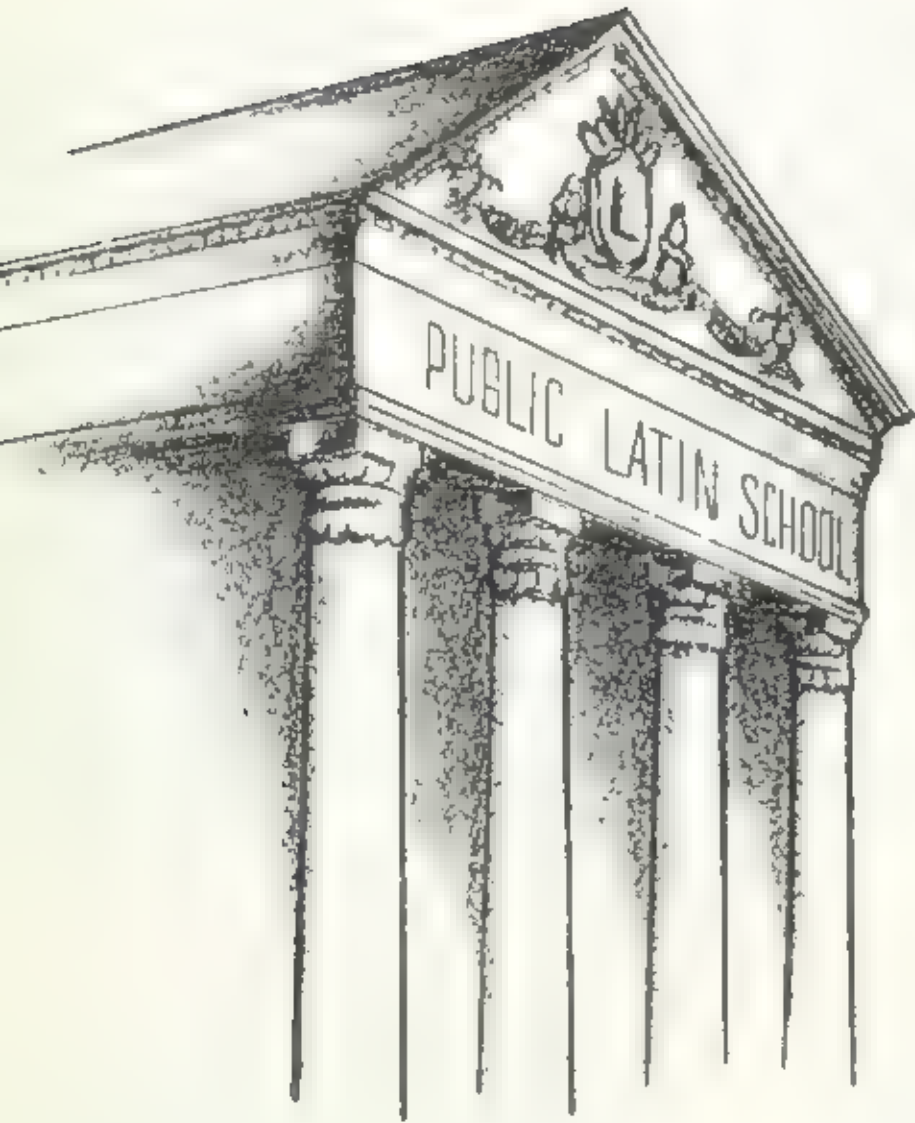

We all hope that your days of the future will be successful and that your memories of the school will be pleasant. May you always be proud of the school that gave you the foundation for your role in life.

And Adherence To The Rules

PRAECEPTORES

Experience That Is Latin School

To The Class Of 1964 . . .

BRIAN MCGUNIGLE
President

PRESIDENT'S MESSAGE

For the past four or six years, we have been a part of Latin School. Now Latin School is a part of us; we must uphold its reputation of excellence and its tradition of greatness.

We are proud, not only to be members of the three hundred twenty-ninth graduating class of the oldest secondary school in our nation, but also to have been associated with fine instructors whom we admire and respect, and whose efforts in our behalf we are only beginning to appreciate. At Latin School we have learned not only Latin, chemistry and mathematics, but the all-important lessons of integrity, loyalty, and courage.

Although this school seemed cold and impersonal to us when we entered we now realize that it has been our guardian and protector. We have matured and are about to face our responsibilities in the adult world. It is now time to leave the shell.

Yet we mark today not only an end, but a beginning. Our lives have barely begun, our intellectual development is really still to come. We have just started to ask the questions that will determine the course of our lives: Who are we? What are we? Where are we going? "You cannot teach a man anything," Galileo once said. "You can only help him to find it within himself." In essence, all education is a search for that something within oneself, and life itself is a process of education. Life is a continuous search for identity.

Inherent in this search for identity is the enigmatic question of man's purpose and destiny. In the words of the late John F. Kennedy, "This century could be the greatest in the history of mankind, but it could also be the last."

And thus today we do mark a very real beginning, the beginning of our personal connection with the struggle of all mankind to reach the ultimate and attain the destiny ordained for man by his Maker. The road will be long, the climb arduous, but man will continue to look upward and reach greater heights.

Supreme Court Justice Oliver Wendell Holmes magnificently expressed man's struggle and destiny in a speech shortly after the turn of the century:

"I think it not improbable that man may have cosmic destinies that he does not understand. And so beyond the vision of battling races and an impoverished earth I catch a dreaming glimpse of peace."

The other day my dream was pictured to my mind. It was evening, and as I was walking homeward, to the west the sky was aflame with scarlet and crimson from the setting sun. But, like the note of downfall in Wagner's opera, below the skyline there came from little globes the pallid discord of the electric lights. And I thought to myself the Gotterdammerung will end, and from those globes clustered like evil eggs will come the new masters of the sky. It is like the time in which we live. But then I remembered the faith that I partly have expressed, faith in a universe not measured by our fears, a universe that has thought and more than thought inside of it, and as I gazed, after the sunset and above the electric lights there shone the stars."

CLASS CHRONICLE

CLASS VI 1958-1959

On September 5, 1958, over seven hundred wide-eyed, prospective members of our future Class of 1964 stepped through the doorways of Boston Latin School for the first full day as "Latin men." Barraged from the very beginning with long and difficult assignments, we sixties suffered a considerable number of drop-outs the very first week. As the year wore on, however, the determined survivors, perhaps afraid of the now familiar sight of a boy turning in his books, began to develop the study habits, good or bad, that would become routine in the next six years.

As busy as we were, we could not help noticing the hectic state of the world, the good news mingled with bad. Hawaii was admitted as the fiftieth state.

John Foster Dulles, President Eisenhower's right-hand man, only recently retired as Secretary of State, died after a long siege of cancer.

South of the border, Fidel, the bearded one, began the program of purges and recrimination that was to lead to the establishment of the first Communist state in the Americas.

The rest of the headlines was the usual hodge-podge with unreliable missiles, new crises, and dangerous "hot-spots."

The assembly hall, meanwhile, saw a lot of use. The Key Club, Social Science Club, and the Debating Society tried to outdo each other with forums on various topics. Walter Kelley received both the Grinnell Scholarship as the outstanding senior and the Thom McAn gold shoe as the outstanding football player. Ernie Zissis presented Max Levine with an honorary football letter for his support of school athletics.

In professional sports, the omnipotent Yankees were taken to the seven game limit by the brave Braves in a

thrilling World Series. The Celtics became the world champions by crushing the Minneapolis Lakers in four straight games. The Bruins fought their way into Stanley Cup contention, but were turned back by the Canadiens in the finals.

On the home front in sports, the football team was the proverbial "coach's dream" with scores in our favor of 6-0 (E.B.), 34-0 (Trade), 18-8 (B.C. High), 58-2 (Dot), 25-19 (Tech), 47-14 (Trade), and 32-0 (B.C. High). The last two games were a little more difficult. Against Tech, the stalwarts trailed 18-6 at one point, but won the thriller 22-18 in the last moment. In the Thanksgiving Day clash with English, the determined Latinites roared back on the arm of Tommy Bilodeau from deficits of 18-0 and 24-6 to win 26-24 in the dying minutes, a fitting end to an unbeaten, untied season.

The hockey team placed second in the City League. One consolation was a 4-2 win over Tech that snapped their twenty-one game winning streak. Except for a 3-2 upset by English in the last game, the hard fighting sextet would have captured a share of the championship. A fellow named Pete Treska who would have a lot to do with Latin School hockey in the future made his debut on the ice for the Purple.

The basketball team started with a rush, but lost momentum and a chance for the city title in the last game of the season. The team did, however, qualify for the Tech Tourney.

The indoor track squad was exceptionally good by Latin School standards and took third place in the Reggies. The fresh-air squad seized third place in the city meet and a creditable berth in the Saint John's Relays.

Another "near and yet so far" team was the baseball squad which finished second, a somewhat disappointing showing as the team had many veterans returning.

Sports Night Guests: Egan and Marciano

Arthur Klein

Mr. Fitz

Our trials became less and less frequent towards the end. Perhaps it is because it was our first year that we have so many memories of sixie life. There was the hardship of conditioning ourselves to the morning bump and grind at the "Briggie." Once we got to school, new problems arose. The eternal question, "Should you carry your lunch or buy it?" was argued many times. We felt that the risk involved in taking a fragile paper bag to school by M.T.A. was more than compensation for the folly of standing in the apparently endless lunchroom lines for the greater part of the period. We wasted a lot of time wandering in the corridors, trod upon by nearsighted seniors. These same seniors seemed to get much sport from sending us sheep to a mythical Mr. Meanor in Room 313 or selling us tickets to a somewhat inaccessible swimming pool.

Spring came and ambition went. How hard it is to study when the weather is warm and the end is nigh. After passing the small hurdle of final exams, we charged down the stairs for the last time that year on June 27—except for Bob Sabbag of course. In his customary mode of travel he was hobbling painfully up the street from school on his usual crutches.

CLASS V 1959-1960

Towards the end of summer once again we anticipated this time with a bit more certainty, the start of school. With the knowledge that nothing could ever be as hard as class VI, we eagerly set out on the first day.

We immediately encountered Mr. Sullivan and his projects and **Evangeline** ("This is the forest primeval, the murmuring pines and the hemlocks," and so forth). Soon we found that writing up science experiments was not much fun at all. We got back at the nasty science masters by thoroughly showering them with paper airplanes. One occasion of extreme delight was the extra-curricular trip to the nurse's office ("Can you see the apple on the table?" "What table?").

In current affairs, we learned that our minds had been corrupted into believing phony quiz shows were real. The seeds of distrust were now firmly planted in the minds of the public.

In professional sports, the Celtics once again won the

World's Championship, and the Bruins tumbled to last place. The Red Sox were to be admired for their effort, but could only garner fifth place.

In schoolboy sports, our genius of the football field, "Pep" McCarthy, guided a fantastically talented squad to an undefeated, untied season, a city championship, and a 22-6 victory over the Blue and Blue and Bluer opponents. That 16 point margin, incidentally, was the closest any team came to parity with the Purple. Outstanding players were: Bilodeau, Frame, Mulcahy, the Costellos (E and J), "Tank" Andronica and junior Paul Barringer.

After going through their first five games without a loss, the hustlers of the hockey team suffered so many injuries that any hope of first place was lost. The team did have a winning record of 6-5-3, and an excellent junior goalie, Smugliani.

The basketball team was a pleasant surprise. The boys lost their first game and lost their last game, but took everything in between to win the City Championship for the first time in five years.

In baseball, the batsmen had to settle for a tie for second place. Bob Butkus, only a sophomore, was a shining light all season (so bright in fact that to this day his mother calls him "sonny").

Our first Sports Night was held this year to raise scholarship money for the seniors. Another endeavor in that direction, the N.H.S. Revue, was a sellout. The play that year was a feather-light comedy, "Archie Andrews."

The school's 325th anniversary was observed on April 25th. It was a rather hectic day for the upperclassmen, with Prize Drill in the morning and Class Day in the afternoon. The alumni held a huge celebration at the Hotel Somerset. That day also marked the 100th anniversary of Prize Drill.

Our own grand old man, Max Levine, announced his retirement after 45 years as a teacher. In his final year here, Mr. Levine established the Charles S. Fitzgerald Scholarship with \$5000 dollars from his own savings. This award honors Mr. Fitz, who had himself retired the previous year after 38 years of teaching and coaching.

On May 25th, Latin marchers took first place in the Schoolboy Parade in all three categories: marching, drum and bugle, and band.

Dr. Spector

Frank Gilbert

Lawrence Jackson

CLASS CHRONICLE

Pride, Declamation—Registration Day—final exams—buns! On June 23 we dashed out to the trolley for the last time that year. A few who took the trouble to glance back could see a lonely figure in an Arab headdress making his painful way on crutches across the back yard. We were freshmen now.

CLASS IV 1960-1961

Joined by a fresh draft of replacements, the "B" division, in Class IV we added civics to our curriculum and gained the dubious privilege of having phys-ed with the aromatic upperclassmen in the sacrosanct "big gym."

As usual, the Assembly Hall was busy during the entire academic year. The National Honor Society Revue was a hit in its customary style, while the school play, **Time Limit**, was truly outstanding—a pleasant change from the surfeit of comedies in other years. Gerry Hillman's remarkable performance in the main role of Major Harry Cargill was unforgettable.

A shower of awards fell on the different school organizations that year. The **Register** and **Liber Actorem** won the Boston University Journalism Award, while the **Register** also won the Columbia Scholastic Press Association's Medalist Award. Our band, though, was the pride of the school and of all Boston when it marched up Pennsylvania Avenue past President Kennedy's reviewing stand in the Inaugural Parade on January 20, 1961.

In world politics, there was much talk but little action toward peace in our time. In fact, the "hot-spots" seemed to multiply as the year went on. In the Congo, the U.N. police forces were involved in an incomprehensible struggle to preserve the newly-created republic from sectionalism and Communism.

Massachusetts' favorite son, John F. Kennedy, defeated

former Vice-President Richard Nixon in one of the closest elections in history. The newspapers were filled with Polaris Missile tests, a Communist inspired war in Laos, and a terrible airplane collision over Brooklyn, the worst disaster ever to happen to commercial airlines.

January found our band in Washington for the Inauguration, missiles shooting off from Cape Canaveral with astonishing regularity, and a dashing group of Portuguese pirates who, in an act of rebellion, stole the S.S. *Santa Maria* and sailed it undetected to Brazil.

April was rather inauspicious for the United States, heralding the abortive Bay of Pigs invasion and Russian Yuri Gagarin's orbit of the earth.

May fifth was a really memorable day. The members of Class IV were in the assembly hall, listening to a fine concert by a university choral group, when Colonel Kelley entered hurriedly and announced the successful sub-orbital flight of commander Alan B. Shepherd. We all went half-mad with delight, and with the choir on stage, we sang the national anthem.

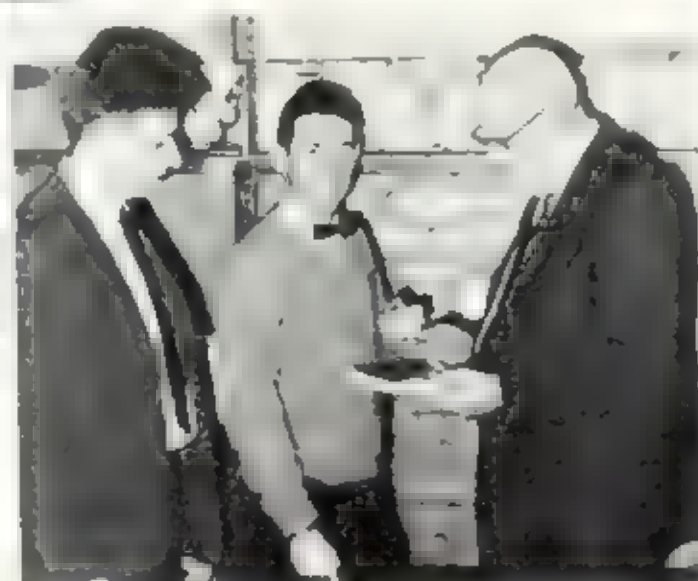

In June, President Kennedy and Premier Khrushchev met in Vienna in a series of talks that were more like confrontations than conferences as no fruitful result was accomplished.

The Pirates' Bill Mazerowski became a national hero when he smashed a last inning home run in the seventh game of the World Series to beat the Yankees. The Celtics tore through all opposition during the season and the play-offs to retain the world championship.

It was an extremely successful year in school sports also. Mr. Lambert, in his first year as head coach of football, almost had his gladiators win the City Championship. A few plays in the two B.C. High games relegated the Purple to second place, however. Against English, the gridiron warriors came from behind 8-0 to win 20-16, the

Stephen Triantafel

Bookstore Opening

Dr. Burnett never missed a game

last time the Class of '64 would enjoy a winning cause on the Turkey Day. The Latin hockey squad, highest scorers in the city, took second place with a strong 9-4-1 record. Pete Treska and Mike McLaughlin made the all-city squad, while young Bobby Walsh was an outstanding freshman skater. As the only team to beat Trade, the hoopsters took a respectable tie for second place with seven wins and five losses. "Butch" Chardavoyne, playing as if he had springs in his feet, bounced his way into the all-city team. Our indoor track team placed third in the city meet. The soccer team was 4-2 for the season. Under Mr. Fielding's guidance, the strong-backed crew stole the city championship. Mr. Powers' swimmers, with their standard finesse, won six meets in high school competition, while losing one. All in all, it was a very successful year in sports.

The usual spring sights were in evidence as the school year drew to a close: the trees in the Fenway covered with new green buds. Gardiners Palace choked with bright blossoms . . . Bob Sabbag on crutches again.

We underwent the usual spring experiences, too. Prize Declamation, the freedom of Registration Day and last obstacle—final exams. Then it was real freedom—freedom from the cares that go with school, freedom until September.

CLASS III 1961-1962

We had seen half our Latin School career go by, the carefree half it seems. Health took the place of civics on our report cards. It also created embarrassing situations at times. Also in this year, we began the elective study we had chosen at the end of Class IV. Whether we had chosen Greek, another modern language, history, or physical science, we had made our individual decisions, and as individuals we would have to stand behind them.

Berlin was in the autumn news—a bad situation which might erupt into war. American and Russian troops glared at each other over the makeshift wall. The President called up thousands of reservists and put our draft-shy seniors in a quandary.

Another Russian cosmonaut, Gherman Titov by name, orbited the earth for a full day. Eating a meal, and having a good sleep while in flight, Titov returned uneventfully to earth.

Dag Hammerskjold, who had done more for peace than any other world leader, died in an airplane crash in the Congo while investigating the situation there. Led by Russia, the Communist members of the United Nations took the opportunity to place in jeopardy the effectiveness of the world body by attempting to substitute the so-called "troika" plan for the present office of secretary-general. This concept, which would have assured the Soviet bloc an opportunity to step around the decisions of the General Assembly, was fortunately defeated.

In major league sports, New York's Roger Maris had little public sympathy as he overtook Babe Ruth's record by hitting sixty-one home runs over the new extended 162-game schedule. The rest of the Yankee team ground out regular-season and World Series victories with their usual workman-like attitude. The Patriots put out everything they had to place second in the Eastern division of the American Football League, a mere half-game behind the first place Houston Oilers. The incomparable Celtics with Bill Russell and Bob Cousy leading the way, dribbled their way to the NBA championship for the fourth year in a row.

In school sports, the football season started off with a bang that unfortunately died to an echo by Thanksgiving. After overwhelming Charlestown (19-0) and Dorchester (26-0), the team suffered seven injuries to the first-line in a game with Trade, while the game officials put their telescopes over their blind eyes. This utterly ruined what might have been a favorable season and led to a subsequent 39-0 loss to English. We fared poorly in basketball. The team's 1-11 record was caused mainly by the large number of inexperienced youngsters on the squad in this year of rebuilding. Hockey was a much happier story, as the squad glided to a first place with B.C. High. Pete Treska took scoring honors in the entire city with a high of forty-four points. Furthermore, the sextet beat the Maroon and Gold 3-2 in the season's crucial rubber game.

The traditional school functions kept the assembly hall filled all year. The National Honor Society and the Fashion Show "packed the house." The school play, *The Man Who Came to Dinner*, was exceptionally humorous and very well received considering its previous exposure as a Broadway play and a motion picture.

Time Limit—1961

Latin-English Rally, November 1962

CLASS CHRONICLE

April brought a great boost to American prestige. Colonel John Glenn orbited the earth three times and returned safely to earth after five hours in space. On television and in interviews with newspapers and magazines the astronaut showed himself to be a simple, God fearing man, and altogether very likeable.

The ordinary spring processions of Registration Day, Prize Declamation, Prize Reading, and final exams passed in a dreary, hazy style. Bob Sabbag, the school's only Arab Legionnaire, had wisely reserved himself a pair of crutches engraved with his initials, and was consequently well prepared for his annual stroll on the last day of school—in his annual cast.

CLASS II 1962-1963

Now we were beginning our last two years at Latin, the two most important of our high school careers. We also added, to the extreme annoyance of the pacifists among us, drill and military science (Platoons Column Left Haarch—No, No! Left, I said!). Soon, we were introduced to the Preliminary Scholastic Aptitude Test, merely a harbinger of later brain-torturing exams, which always seemed to be identified by mysterious and ominous initials: CEEB, SAT, NMSQT. Class II, therefore, was probably our "biggest" year at Latin School heralding our first actual confrontations with the monumental problem of getting into college.

It was a very big year in sports, also. The football team had a 2-3-1 record, very understandable in view of the lack of experience among the players. English rolled up a 32-6 score on Thanksgiving Day to give the season a particularly bad taste. Our hockey team was one of the best in recent years with an 11-2-1 record and the City Championship. The team qualified for the State Tourna-

ment but lost to Arlington High in a disputed four over-time game. The hoop squad after losing five out of their first six games, hustled over the last part of the season to finish with a 6-8 slate. Bonavita, McCarthy, Gordon, and Murphy were senior standouts, while juniors Jim Kulbacki, Bob Nierman, Bill Timpson showed much promise. In swimming, Latin had its most successful year, with the second best high school record in Eastern Massachusetts, and a 10-7 record in mixed competition. The track squad did fairly well with a third place in the City Meet, but only a fifth place in the Reggies. Our soccer team had a fine 4-2 record, but lost to Roxbury Latin for the fourth consecutive year.

Crisis succeeded crisis in the way that has become customary during the Cold War. In October, the situation in Cuba nearly brought us to war. Offensive missiles were found pointed at the continental United States. President Kennedy issued an ultimatum to Russia and Cuba demanding the removal of the missiles and put a naval blockade around the coast of Cuba to prohibit further weapons shipments. After a hair-raising two days, Premier Khrushchev swallowed his considerable pride in the face of such determined American opposition, and gave orders for the return of Russian ships then en route to Cuba with weapons. World peace had been narrowly preserved.

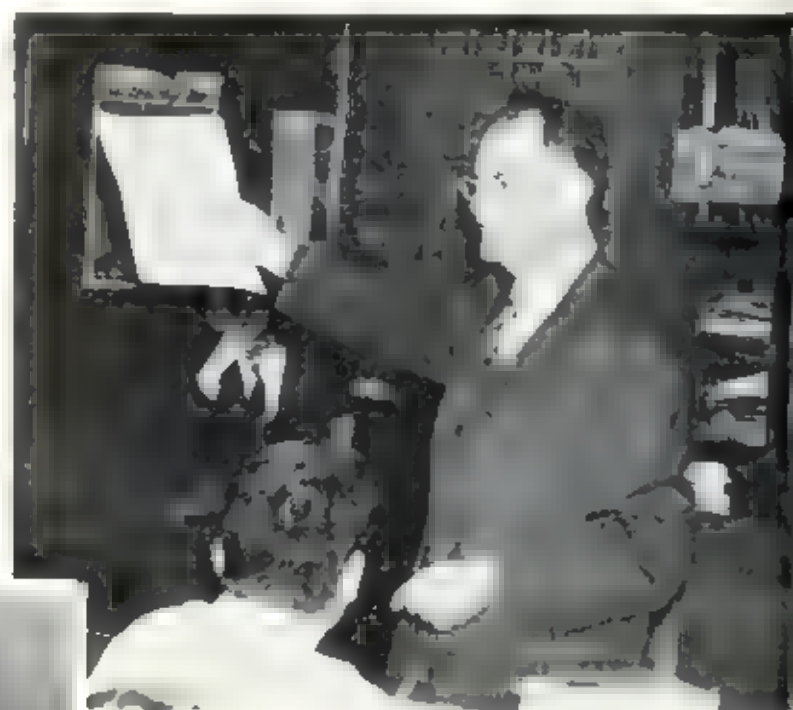

This retreat of Khrushchev's led in turn to a disagreement with China over the most fitting way to further world Communism. The Chinese held that the Leninist Marxist theory of violent revolution was the only way that socialist doctrine could be spread, while Khrushchev held the hope that if the Soviet bloc merely co-existed peacefully with the West, capitalism itself would eventually wither and die.

Through it all, the war in Vietnam, very costly in both money and lives, dragged on and on. The arrogant ways of Premier Diem's ruling family made the war more and

B.P.I.

Albert Taylor

Max Levine

more unpopular and alienated his own Vietnamese people

The National Honor Society Revue had only a fair crowd, due to a new policy of allowing only members of the Society take part in the various skits and routines. The first annual Music Festival helped to compensate for this with the audience it attracted

Soon Spring was upon us and for the first time, as juniors, we participated in the activity of Prize Drill Company G took first place. At about the same time, we were the invited guests of the seniors at their Class Day exercises

This year we had an additional obstacle at year's end, the dreaded May college boards. However, after our months of preparation, the exams were almost anti-climactic. Prize Declamation went by, and the best day of school arrived. We are happy to say Bob Sabbag did not leave on crutches this year—he had taken care of his crutch commitments during the Fall

Thus we departed, to take a well-earned rest before our final assault on the colleges in Class I

CLASS I 1963-1964

Summer 1963 left the Latin School juniors with mixed emotions, curious as to what the senior year would bring from the tough early months down to the coveted senior slump. Just as curious as an anticipating gang of sixies, we entered the period every Latin School boy dreams of—Class I

But the work was staggering. Assignment after assignment mounted until everyone thought he could do no more; but still there was more to do. College applications, the all-important Christmas averages, term papers, and the Boards all seemed to come on the same day. Somehow we all staggered through it and went home for Christmas to regroup our forces

No sooner did we get back than the ominous Boards stared us in the face once more. No one's transcript seemed to have gone out; Mr. Hopkinson appeared to be working twenty-four hours a day. Finally, the pressure slackened and marks began to fall. We didn't care. We had survived the last big test

In current affairs, the news of the assassination of

President Kennedy dominated the headlines. We at B.L.S. felt a special loss because many of us had been privileged to march in his inaugural parade. For four days radio and television stations cancelled all their shows out of respect for the late President. The entire nation was shocked and saddened deeply

Lyndon Baines Johnson became the thirty-sixth President of the United States. A long time Senate leader Johnson took over the helm, and life prepared to continue where it had left off

In the midst of all this, we seniors at Latin School gathered to elect our officers. Brian McGungle emerged as our President; Tony Palermo as Vice President; Bill Potter as Secretary; and Dan Needham as our Treasurer. Tom Branca was elected chairman of the Class Committee with Joe Getman, Ed Murphy, Charlie Elboim, and Dave Stanhewicz as Committeemen

On the school sports scene, Latin again lost to English, only this time a victim of some unlucky breaks. In hockey once again we captured the City's Crown with a 12-2-0 record. Once again we made the state tourney, and once again a referee's call expelled us from it. The basketball team completed its 69th consecutive year. In baseball BLS was vying for a third straight City Championship with essentially the same team that won it last year

In professional sports, the Bruins (HO-HUM) ended up in the cellar, and the Celtics (HO-HUM) again won the World's Championship. The Red Sox after being high in the first division for most of the season slumped and finished way down in seventh place. The Patriots, after finishing second three years in a row, finally won the Eastern Division, but were hopelessly demolished by San Diego 51-10 in the playoff game

Mired deep in senior slump, we all watched our last days in high school fall away. The Class Day, the Banquet, the Prom, and Graduation Night came and went

Wherever we go and whatever we do, we shall bear the mark of our Latin School education. Some of us will hardly admit it, but in our hearts, we acknowledge our debt to the school and its able teachers. It is our fervent hope that in other times, the members of the Class of 1964 will read this chronicle, and recall the events that made us Latin School men.

The Liber Actorum Proudly Presents

THE CLASS OF 1964

What special qualities do Latin School students possess? The most obvious is scholastic excellence, evidenced this year by our six National Merit Scholarship Finalists and thirty three Letter of Commendation winners. Another important quality is creative talent. Saint Bonaventure University presented awards for journalism to three Latin School seniors, and two others were Finalists in the writing competition conducted by the National Council of English Teachers.

The quality of service is inherent in each Latin School student, and many members of the graduating class have worked as volunteers in hospitals and charitable organizations. But the most important attribute of Latin School boys is determination. Six hundred thirty seven entered class VI in 1958—two hundred five remain, three hundred forty-five entered class IV in 1960—one hundred fourteen remain. Those who have met the challenge can truly say: "Per ardua ad astra."

Bruce

BRUCE EARL ABRAMS

To study or not to study . . . that is a question???

Entered Class VI from the Harriet A. Baldwin School.
Bowling Club II, Science Club II, I, Set-at-Arms I, Glee Club V, IV, III, II, I, Professional Club IV, III, Bibliophile Society I, Co. President I; Register Business Staff I; National Honor Society; Revue V, IV, III, II, Class Day Committee I; Senior Prom Committee I, *Liber Actorum* I; President of Brookline-Brighton Newton Community Center Youth Council II, I, 2nd Lieut. K Co. 1st Regt.

DAVID MICHAEL AHERN

A gentleman, a scholar, and a judge of women: an Irishman naturally.

Entered Class VI from the Holy Name School.
Basketball VI, Bowling Club II, I, Soccer III, Track VI, Golf IV, III, II, I, Junior Achievement II, I, President I, Corridor Patrol II, 1st Lieut. F Co. 1st Regt.

Dave

FREDERIC LOUIS AIELLO

Sunt sua praemia laudi.

Entered Class IV from the McKinley School.
Cross Country III, Track II, Golf II; Red Cross Club IV, Coin Club III, Golf Club IV, III, II, I; Pen Pal Club III, Professional Club I; Military Science Club I, Junior Achievement II, President II, Drill Team III, II; 2nd Lieut. B Co. 1st Regt.

JAMES ELIOT AISNER

I know no such thing as genius; it is nothing but labor and diligence.

Entered Class VI from the Spaulding School.

Special report from thirty-three agents of the C.I.A.? (Censure Incurreurs Anonymous)

"In regard to the questions raised about the possibility of subversive factions at the Boston Latin School, we submit these findings

"In the course of the school year 1963-1964, we had the opportunity to study first hand the political feelings of certain teachers. The first person to arouse our suspicions was Mr. Murphy. It was quite evident that his thoughts leaned towards the left. One Mr. Bergen was a strong advocate of revolution, and further investigation revealed atomic bomb secrets woven into the designs on his neckties

"One of our suspects was suspicious of us. A man known as Miethe is the one we refer to. Because we knew he was on guard, we took various measures to relax him. His caution persisted, however, and we understand he is practicing sky-diving in case a rapid escape from 318 is necessary

"It was a great relief to learn that the C.I.A. had planted a counterspy in the faculty. At first we had our doubts about the authenticity of Mr. McNamara's credentials, but he also knew our special code sign. On many occasions Mr. Mac saved our agents from discovery and probable destruction

There were some minor agents, such as Mr. Branca, another man known only as Pistol Pete, and a certain Colonel Kelley (whose repeated anti-pinko tirades convinced us that he too was a counterspy), but we lack sufficient information to file a complete report on them

Concerning all of them, however, the agents of 302 wish to say, regardless of conflicting ideologies, "Thank you"

303

A death-like silence now hovers over the cherubs of 303. Pastor Dolan has converted his flock to the belief that continual study with absolute silence in a studious atmosphere (Burns and Kaplan are already firm disciples) is fun. However, a few infidels, like Sweeney and Sullivan, insist on taking the "late train" and miss all the thrills. Others are Spry and Paige, who extort money from the seniors, and Pisarski, who currently maintains a foraging business. After a soul-stirring bulletin meticulously prepared by the editorial staff in the office and a few seconds of meditation led by Pastor Dolan, the cherubs prepare to depart.

The fun begins in Mr. Locke's Latin class. Brushing aside his "Freud," the sage now translates another thrilling episode of "Dido and Aeneas," or "What They Do on a Rainy Night in Carthage." The edified cherubs reluctantly trudge to 312, our Physics room, smartly decorated with early Babylonian lab accessories. The bell rings just as Mr. Carroll takes the Fifth Amendment for the thirty-seventh time to one of Levy's questions. The cherubs now scatter to math or language classes. After a session in the gym, it's off to 226, where everyone is

shocked to see Mr. Geatin. We all humor him in his futile attempt at wit. The final victim is Mr. Leary, a smiling, young historian. He reads us an excerpt from his thesis explaining the Wobblies.

The cherubs now leave for home, glancing back at the sign hanging over 303: "Silence is solid gold."

"This is your roving reporter, David Dinkley, on a safari in darkest 304 to investigate the strange native rituals taking place here. Today, May 15, is the feast day of their god of freedom, and anything can happen. We are also trying to locate the missionaries sent here to educate the natives."

"Ah! We are coming to the village. There are the huts, a group of natives, and, yes, the leader, Big Chief O'Donnell. He is standing by a huge pot of water, and now he's ordering a few things to be put in. I'll try to speak with him."

"Oh Chief, tell me, what is this pot for?"

"Hmm . . . you look pretty good, too. Hey! Cook Doherty! Room for one more!"

"Please, Chief! Rumor has it that you're going to cook the missionaries. Is this true?"

"You bet! Look! Warrior Alabiso is loading the ingredients over here now. Do you want to hear the recipe?"

"Well . . . I . . . ah . . . don't . . ."

"Good! First, we use Mr. Bergen for the basis of our

stew because he's the biggest. That's S.O.P. Next, for that certain subtle flavor, Mr. Resnick. For some hot spice, Mr. Hoelzel. After that comes Mr. Miller. Personally, I like that last ingredient best—no hair to tickle you as it goes down. And to top it all off we throw in Mr. Hopkinson. He might be good for the stew, but then again he might not. There! All done! You want a bowl?"

"Ah . . . this is your roving reporter signing off Hey Chief! You know, this stuff isn't half bad!"

**The Three-O-Seven Tales**

Whan that Lord Aaron with polite demeanor
Derides the corpulence of Mike Levine,
And quoth "I'll marke thee if thou talkest loude
And thus disperse the morning homeroom crowde,
'Tis then we seek yon classroom two-o-nine,
Where teacheth Baron Landrigan so fine,
And quoth "Lord help us" twice or thrice or foure
Whan Nathanson and Mitchell start to snore
Whan sounds ye bell we leave for Latin classe
Where Bishop Miller hinders us to passe,
And blows his shiny top to be annoyde,
Whan bringeth not his flashcards knavish Floyde
Then see we Viscount Pearson, man of swarthe,
Who many times hath uttered "And so forthe."
Yea some of us to Clockman Jacob goe,
To see him ponder, quothing "I don't knowe."
Then go we to the lunchroom without ilke,
Where Feldman always bringeth late out milke,
But go we not back to our homeroom seate,

Nay, rather play we hockey with the feete,
In B-2-nine where make we noise and velle,
And stoppeth many shots on goal Vozella
Then through our last two classes long we sleepe,
And never be our ecstasy so deepe,
As whan at two-o-clock the bell doth sounde,
And in a minute outside we are founde
To see a game of basketball so sharpe,
Where causeth a sensation Stanley Karpe,
Or go we to the St. Botolph Arena,
And sneak in yon side door and not be scene,
To see the frigid ice become so hotte,
Whan skated on by room-mates Walsh and Potter
Then go we lastly home to change and dine,
And do some homework if we feel not fine,
And then to slumber, feeling lucky menne,
Next day in three-o-seven to do it againe

JOSEPH FRANCIS DESMOND

136 Wilmington Avenue, Dorchester

B.S. '44 Boston College A.B. '50 A.M. '53 American Academy Rome '56 Tufts University Ph.D. candidate Grover Cleveland Jr. High '50-'51 Washington Irving Jr. High '51-'54 Tufts University as teacher '62-'64 Here '53 present

Hobbies: Reading, sports

A distinguished group of gentlemen is gathered here today in room 328 to discuss the future of another group of Latin School boys. Delegates include Messrs. Jacob, Cleary, Rosenthal, Buckley, Pearson, Bergen, and Miller.

Mr. Jacob starts the meeting by pounding his shoe on the desk and it falls apart. "Mr. Bergen, do you have anything to say?"

"Yes, the boys have all forgotten their Hofstadters."

All: "Ha ha ha!"

"At ease, or I'll see you all at two o'clock."

Tap, tap, tap and Mr. Cleary runs in, halting the proceedings with a resounding "Stop . . . the . . . music."

Author Paul Pearson walks in autographing letters to the senior parents, while Mr. Miller sits busily thinking

up ways of acting tough between rounds of looking through boys' books for trot pages. Suddenly there is a roar and Mr. Buckley throws a desk across the room, destroying one hundred college board scores. Mr. Rosenthal is walking around in circles trying to figure out Hamlet's right age before asking for it on a test.

The men of 328 leave this great group of instructors, and thank them sincerely for their assistance in increasing our knowledge and building us into what, we hope, are fine Latin School men.

Joe Tedeschi

Bob Holland

 50-'51 B.S. '52 Northeastern U. '55 NSF Math Institute
 Rutgers U. '62-'63 Ed.M. from Harvard U. '63

Hobbies: Family two children swimming boating tennis

In the Science lab, the professor, with the help of Willey and Jack, has come up with a roily substance which will enable us to explore a fantastic world of unbelievable creatures—the Gink Zone. First we come to Planet 208 where we find Mr. Pearson. He seems to have something to say, but because we are so busy counting “so to speaks” and “what nots” and so forth we do not seem to catch it all.

Next we travel to the land of the clock, 316, where once last year Mr. Jacob finally cracked a smile. Now everytime the clock goes off ending an exam before the beleaguered pupils have even had a chance to write their names, one can observe an exact replica of that original smile.

Again on our way we stop at 330—the land of the happy ornithologist—and kibbitz whilst he happily talks away, confusing himself and those who dare listen.

Our next stop is 304, the Land of Poetic Enchantment, where we find a smiling man with half a pair of glasses speaking to his class. We listen. “I, ah, have no, er, problems. I’m wonderful and, er, lovable, but, ah, nobody, ah, realizes it.”

Back in the hallowed halls of Avenue Louis Pasteur, we appreciate the easy and safe life we lead and wish to thank all our teachers for putting up with us. If it was as tough for them as it was for us, they are really super-humans and so forth.

Hobbies Classics reading

Recently 331's electronic geniuses, Connie O'Leary, Ringo Segal, and Ralph Goldfarb, perfected a miniature tape recorder. They installed it in a pencil and asked Hoss Ficcaglia to carry it to class. Due to unforeseen mechanical difficulties, the recording is largely unintelligible. However, we have transcribed what we could understand and present it here

331: "Keep quiet, I want the attendance."

"Where's Murphy?"

"I've been buying my aspirin in the thousand bottle since September

221 "Now there's nothing wrong with West Roxbury."

"This will interest Maciejewski."

"Of course he was Irish"

329: "Wha dat mean?"

"Lilies of the valley are like tulips only different."

"You should have dropped French, boy."

208 " . . . and so forth

"If you buy my book

and so forth

330 "Ahhrr."

"Any more questions on September 8th's assignment?"

"Morgan, leave the door alone."

"I want all of you back here at 2.10"

Discouraged with the imperfections of their device, the inventors asked Long Pete Silverstein, Slip Stick Nirenberg, and Richie Real to fix it. Baffled, they passed it on to Bill Gardel, Bob Valerio, Roy Bernstein, and Bob Daley. After fruitless examination, they gave it to Mel Flamenbaum, John Seibert, Abdul Abulbul Sabbag, and Steve Soares. Unsuccessful, they let Den Contois, Tom Branca, and Ed and Fred Murphy look at it. Frustrated, they turned the project over to Richie Flynn, Tom Hart, Pete Serino, and Jack Hadley. Disgusted, they threw it away

'54-'56, B.L.S. '56-present

Hobbies: Talking

"Ladies and gentlemen, we take you now to the dressing room at Yankee Stadium, where the B.L.S. Giants are meeting in preparation for next week's title game. Let's listen in."

Head coach: "Now look, the only way to get ready is to make little cards with the plays on them, see? Then, in the actual game, you'll know all the plays, see?"

Fiery clubhouse lawyer: "Coach, our whole game plan is just a big problem with a little grade-thirteen flavor. Anyway, you know I can't do these plays—I never got that far in college ball."

Assistant Coach: "One more word out of you—laps start now. Maybe next game you won't spend so much time reading John Keats and you'll learn the plays."

Head coach: "Boy, I'll say. You boys are not doing your work. The season's not over."

Suave General Manager: "Oh, ah (cough). I know what

to do. We'll stop giving them an unprepared practice. Then they'll learn. Where's that waterboy Davis, anyway? I want some coffee."

Flamboyant, mustachioed scatback (holding another player by the shoulder): "Look, this boy can't play football, but he'd excel as a teacher."

Team cut up: "Hey, coach baby, what's S.O.P. on a play like this?"

Austere owner and president: "Gentlemen, you can all profit from this experience if you pay close attention. Lad, for your vulgar disrespect, I'll be forced to give you one lap, and I'll have to ask you to report after practice. Before I continue, it behooves me to close the door to the press. Good day, gentlemen."

"Well fans, having followed this great team for six years, I can only say, 'Watch out, Bears, this team will go down fighting—each other'."

GERARD BARTHOLOMEW CLEARY

52 A ——— A New Englander

Boston College A.B. in History and Latin M.A. in History
 1954-55 Permanent Residence

Hobbies: Swimming, reading.

For the past six years, we have been faithful sons of the Latin School. During this time we have lost some of our classmates and some of our masters, but not once did we ever lose our love and loyalty for the school (though there were times indeed when we wavered!).

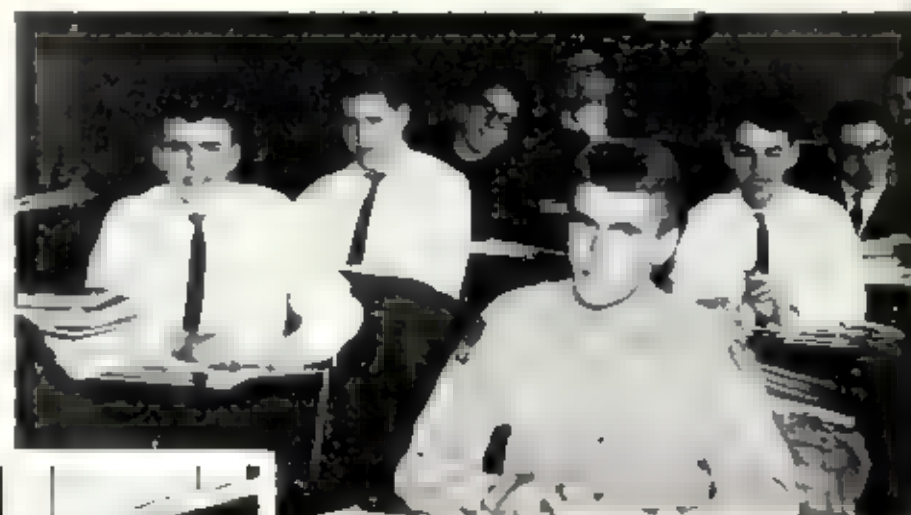

We have witnessed countless changes, from new lunch-room facilities to new MIA badges. In world events, our hearts have been alternately thrilled and saddened by momentous events. Latin School's band representing Massachusetts at President Kennedy's Inauguration, the terrible tragedy of the assassination, the space flights of

our astronauts, the loss of the submarine Thresher, the victories of the Celtics, the losses of the Red Sox. The years have been happy, sad, uplifting, depressing, but hardly ever boring.

We will all leave fond memories at Boston Latin School and each one of us, regardless of how many minor irritations have caused us to say "I can't wait to get out," will shed a small tear within when we leave.

To our classmates, our good byes and good wishes for the future; to our teachers, our sincere thanks for making us the young men we are.

John Kalell

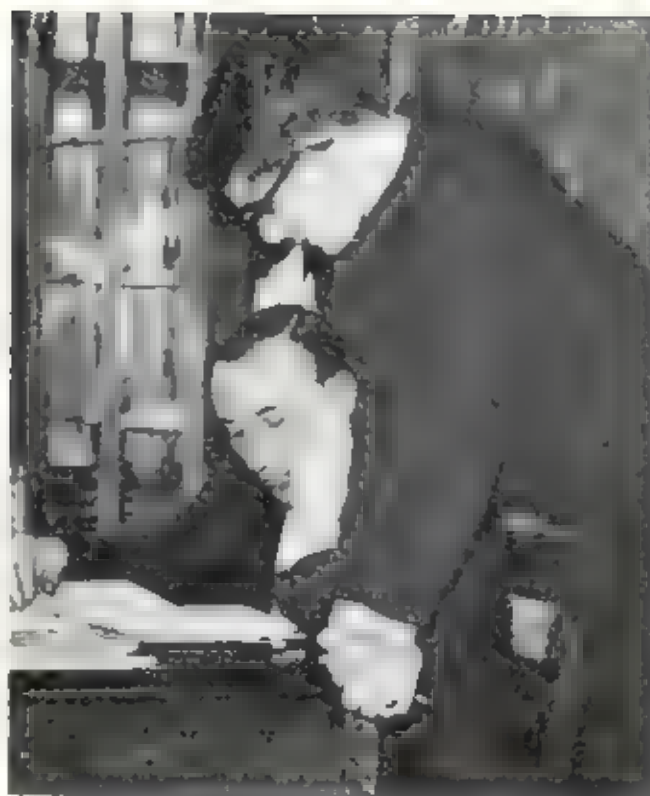

LEO DAVID SALVUCCI

65 Strathmore Road Brookline

Boston College A.B. '51, Ed.M. '58 Here '56 present

Hobbies: Handball playing, reading

Scene: The Sahara Desert — an oasis — a group of Arabian revolutionists sitting under a palm tree

First Arab: "What do you think of our chances in the battle tomorrow?"

Second Arab: "Well, I'd say they're pretty good. We've got Shiek Pappas' band on the right wing, Kolonel Kelley's Kadets in the center, the Hecht House Hoopsters on the left wing, and the Katz Camel Corps in reserve. Besides, we've got that great camel waterboy, Gunga Timpson."

Third Arab: "Just the same, I'm not so sure we can beat them. General Resnick and Communications Expert General Finn lead a powerful army of English legionnaires. Their German allies under Field Marshal Hoelzel can be pretty tough too, especially if they're in a bad mood."

Fourth Arab: "Sure, and what about Chemical Warfare Specialist Lieutenant Leiter, artillery commander Major Weinert, and the great master of the motorpool, Sergeant Salvucci?"

Thir Arab. "Right, and don't forget the Desert Fox, Field Marshal Gordon, and his aides Majors Bergen and Pearson."

Second Arab: "I see what you mean. This won't be easy. We may even have to do a little work."

First Arab: "God forbid! We'll have to make this a team effort, and then maybe we can all pull through. Let's take an oath on it."

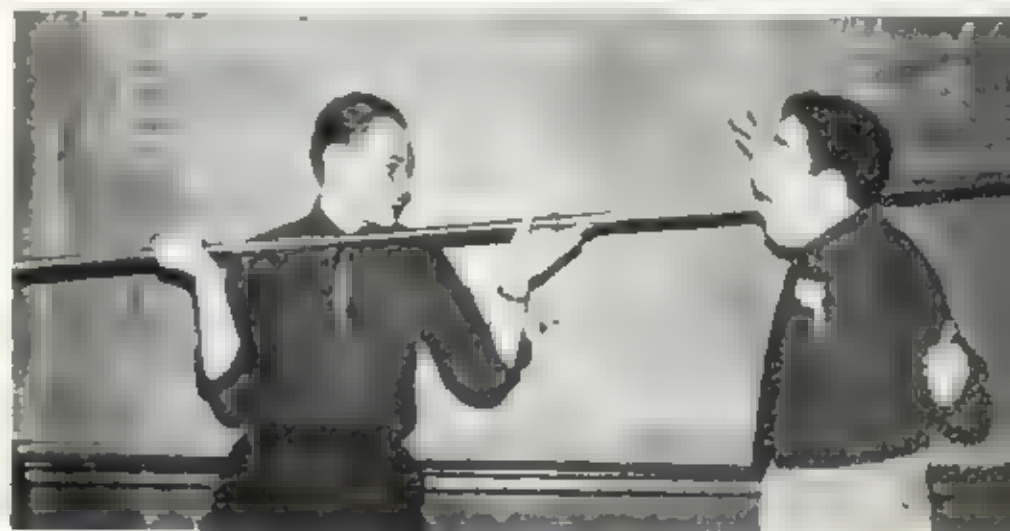

All: "We swear to use only Hecht House Pens."

This story has a moral, as all good stories do. It is: Beware of students bearing Hecht House Pens!"

FOOTBALL

The squad was characterized by great desire and versatility:

At right end Bill Timpson proved an excellent pass receiver. Right tackle Frank Guidara, one of the team's best blockers, did an outstanding job on defense, and Mike "Quahog" Quinn, our right guard and defensive quarterback, was an "all-scholastic" choice. Juniors Mike Connolly and Steve Brown shared duties at center while co-captain Len O'Dannell played left guard. Ed Norkus did a fine job at left tackle as speedster Dan Needham, Jack

White, and Rick Mitchell alternated at left end. Wingback and co-captain Jim Davis, our top pass receiver, was an "all-scholastic" selection. Paul Masi, a junior, and Jack Donovan shared the quarterbacking chores. Bob Allen played in the fullback slot while Mike Concannon, Chris Shea, and co-captain Cliff Janey alternated at left halfback.

This year's defensive squad was surely the best in the city as it allowed an average of less than seven points per game. Defensive specialists included Bob Holland, Ed McDonald, and Bob Dowd.

First Row: Gallagher, Whitley, Naymie, Ingeneri, Rose, Kuperman, McLaughlin, Ferris. **Second Row:** Jones, Hickey, Hinman, Watson

LATIN vs

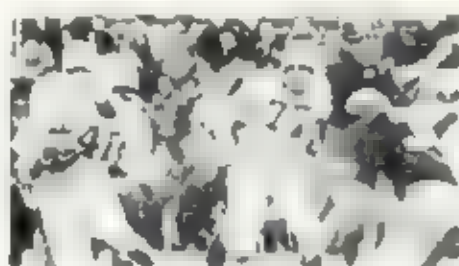

ENGLISH

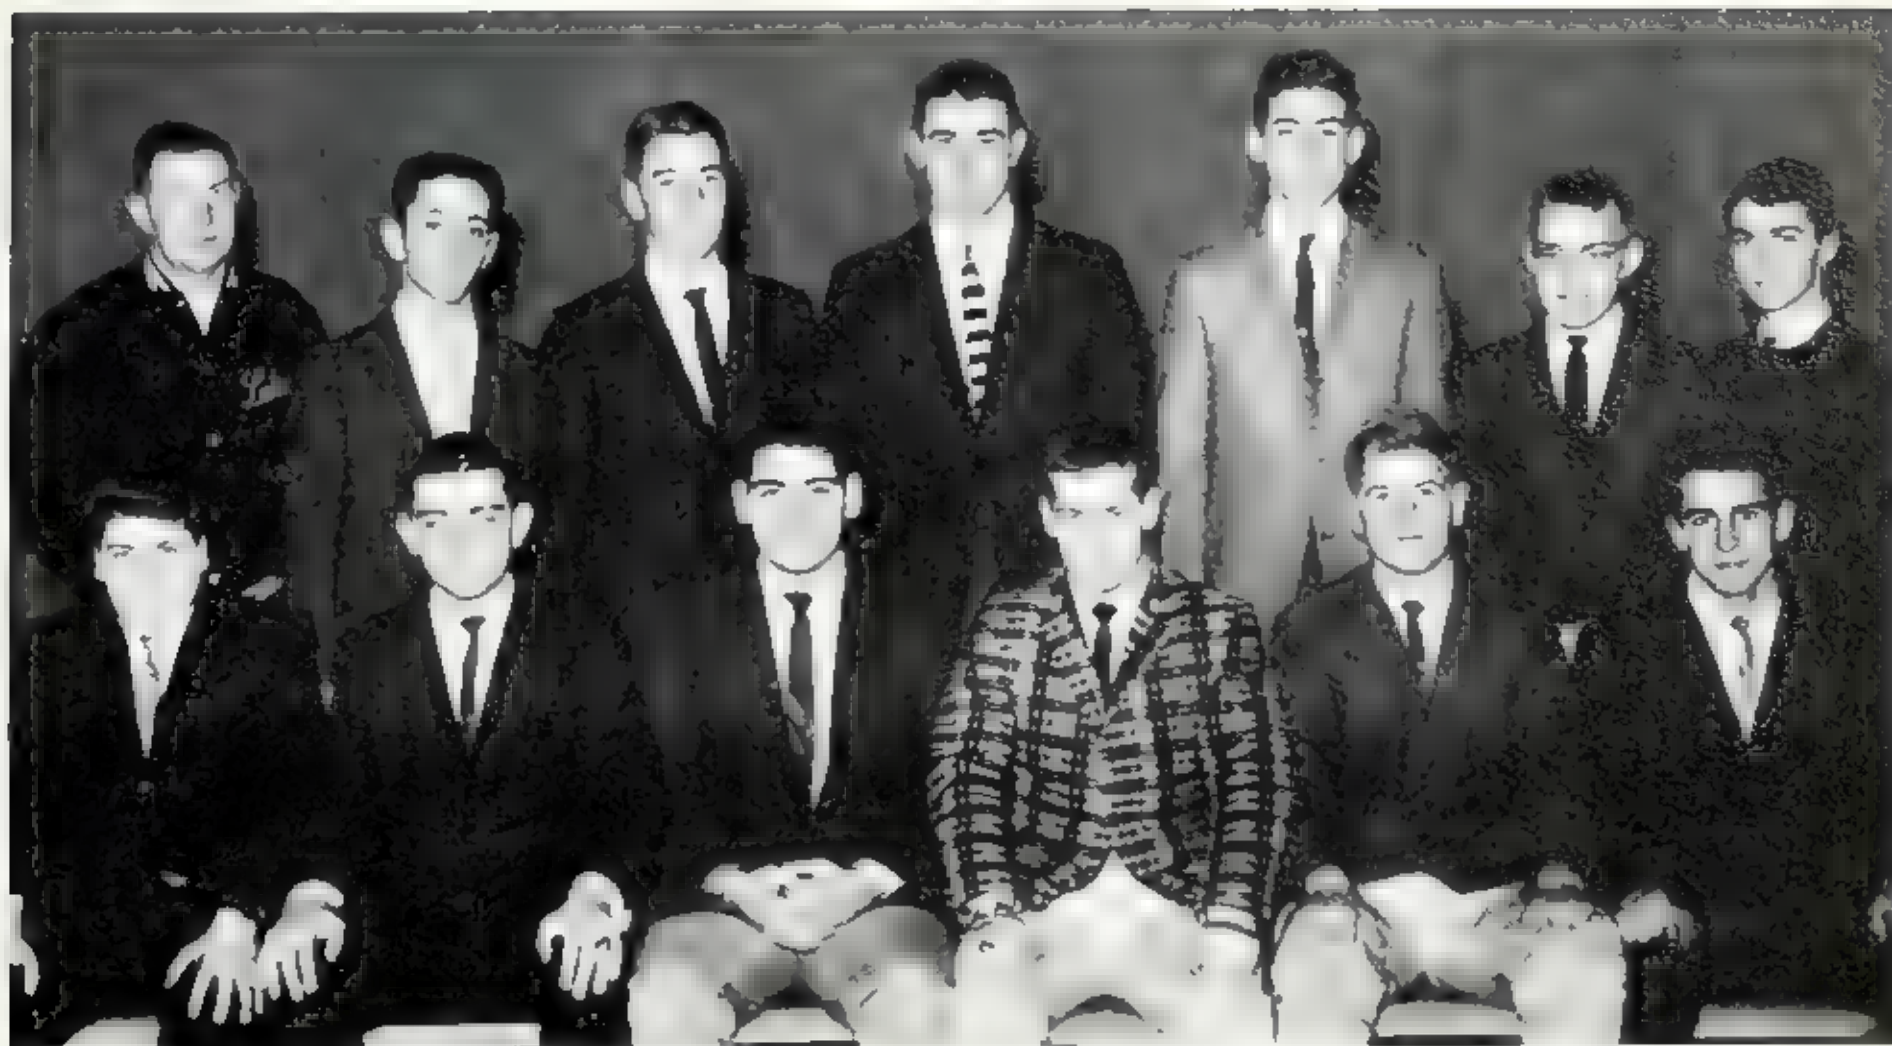

As is traditional, Latin School's football season is either made or broken on Thanksgiving Day. All the practice sessions lead to the annual climax at Harvard Stadium. This year was no exception. Both teams were ready on November 28, and both wanted to win. Size and a few bad breaks made all the difference in the world as the Purple, a three-touchdown underdog, lost 18-12 only after time itself had come to the aid of the Blue and Blue.

Thirty thousand people representing both schools witnessed THE GAME. In the first half Latin completely dominated play but could not score while English took a six-point lead. After English went ahead 12-0 on the second half kick-off, Latin fought back to tie the game 12-12. In the final quarter after blocking a punt English scored again. With English leading 18-12, Latin marched to English's 21-yard line as time ran out.

It is easy to cheer when we are winning, it is easy to give our best when we are headed for the top, it is easy to sprint when it is unseled with victory; our team had none of these and yet they cheered, and still they played with spirit until the games end; and for us, this is our victory. Football was introduced in schools not principally to produce players, but men, and the boys have proven they had what it takes to be winners no matter what the final score.

Captain-elect Bob Allen leads an impressive list of returning lettermen who should be a solid nucleus for a good team again next year. We congratulate Coaches Lambert, Gumbs, and Smith for a job well-done, and we would like to thank them for teaching us to BELIEVE!

GOLF TEAM

First Row: Mingoelli, Sweeney (Mgr.), Gartland (Co-Capt.), Boyle (Co-Capt.), Ahern (Co-Capt.), Aiello. **Second Row:** Mr. Thomas, Feldman (Mgr.), Horgan, Magid, Hoffman, Baldner, O'Malley.

GOLF

This Spring the Latin School Golf Team's prospects for another City Championship are bright indeed. With veteran members Gartland, Boyle, Magid, and Ahern returning, the experienced Latin squad should have no difficulty in dominating league play. The team is fortunate in having much depth, resulting from greater interest in the sport, especially among the younger golfers.

Much of the team's success is the result of the untiring efforts of its fine coach, Mr. Thomas, who is a golfing instructor during the summer months.

Gartland tees off

Fast-skating Offense . . . Tight

HOCKEY

Limited by a core of loyal and noisy fans, the Purple and White hockey squad, under the watchful eyes of Coach Dick Thomas, absconded with the City Championship for the third consecutive season with a 12-2-0 slate.

Captain Bob Walsh led the scoring with 25 goals and 16 assists for 41 points. Not far behind him were Brian Doherty with 35 and assistant captain Jerry Larvey with 21. Mike "Quahog" Quinn, the City's most bone-crunching checker, handled the defensive chores with his sidekick Bill "Scoreless" Potter. Ron "Digger" DeGregorio, an outstanding goalie, was definitely the most colorful character in the state.

Quahog saves Digger some trouble

Quinn steals puck from English

The high points of the season were the five consecutive victories over rugged Tech and B.C. High sextets, the great win over Barnstable to open the State Tournament, and the much-disputed loss to Newton in the second round.

Although this team had no headline-seekers, there were five All-City selections, Bob Walsh, Jerry Larvey, Brian Doherty, Mike Quinn, and Ron DeGregorio.

Next year's team will be led by captain-elect Paul Souza, assistant captain-elect Jim Greene, and their hustling linemate Chip Hoar. With a strong starting quintet of returning juniors and three very promising goalies, a repeat performance next year is quite possible.

Starting practice

SWIMMING

After winning only one of its first eight meets, the Latin School swimming team bounced back to finish fifth in a strong field of eleven teams in the Eastern Massachusetts Conference. The team completed the season with a record of five wins and four losses in high school competition.

This year, as every year, individuals established new records: junior Jim Reid in the 400 yard freestyle, and sophomores Larry Sullivan and Danny Ambrose in the breaststroke and butterfly respectively. For Larry it was his second consecutive record breaking effort. Records were also shattered in the 160 and 200 yard medley relay events as a result of the combined efforts of Ryan, Sullivan, Ambrose, and Donahue. Ford, Reid, Spry, and Guild combined for a record in the 200 yard freestyle relay.

Despite many outstanding performances in the water, our strongest event was actually out of the water—the dive. George Baldner and Mike Donahue, who consistently ran away from all opposition, shared first and second place honors all season. "Rocky" finished fourth and Mike third in the state meet at Amherst.

Juniors Bob Spry and Bob Ford, who were scratching

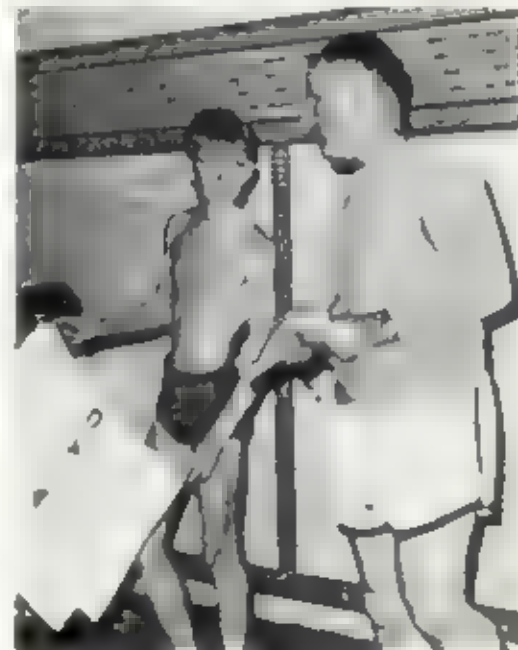

at the cover of the record books in the 200 yard individual medley and 100 yard freestyle, respectively, round out a host of fine returning swimmers including freshman backstroke standout Pete Ryan, freestyler "Scotty" Guild, and sophomore individualist Barry Stevens. Graduating this year are Richie Burns, breaststroke, and Dave Stanhewicz, individual medley.

Lettermen: Richie Burns, Bob Burns, Stanhewicz, Lynsky, Baldner, Reid, Ford, Spry, Sullivan, Mike Donahue, Dan Ambrose, Stevens, Guild, and Ryan.

Stanhewicz on the "fly"

Depth, Power, And Speed . . .

TRACK

This year the Latin tracksters ran at the Commonwealth Armory. Although this is a new site, it did not hinder our team's success. Each year the squad shows signs of improvement and of championship caliber.

Throughout the season Baker, Burrell, Disessa, Donnegan, Branca, and Powell were the team's big guns. These runners, the "age and beauty" of our team, under the direction of co-captains Cliff Janey and Rick Mitchell, humbly offered themselves as models to be emulated by their lower-class proteges.

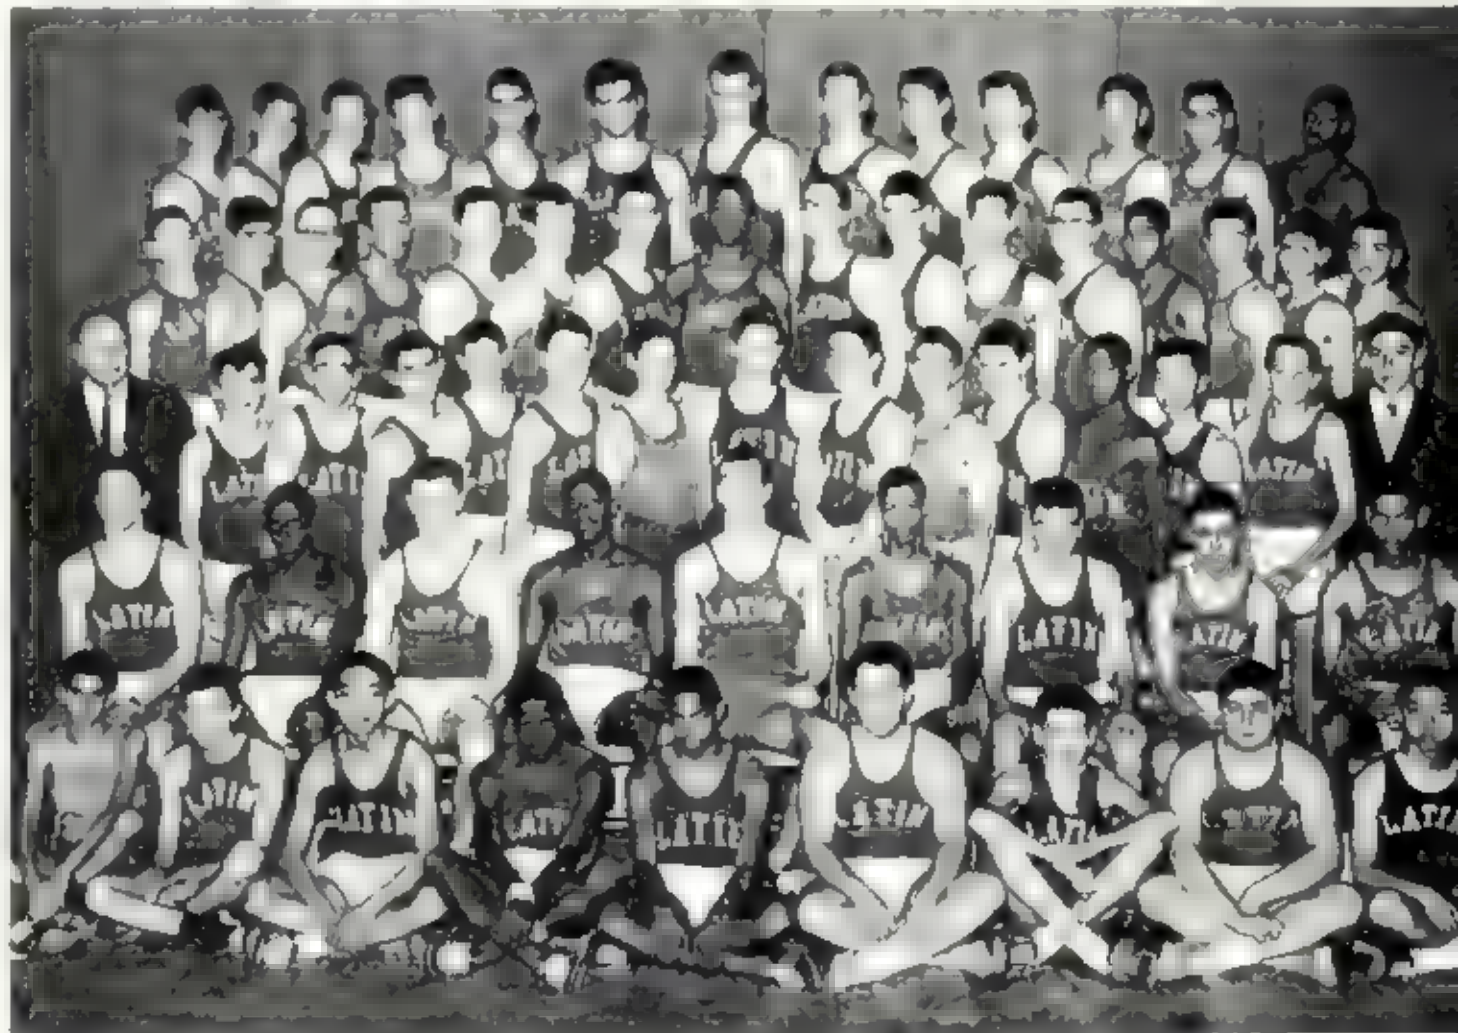

The Class B contingent of the team possessed exceptional depth and produced such valuable runners as Lan-

drum, Johnson, M., Chinn, Johnson, H., Grey, Mayo, and Campagna. Class C also had depth, power and speed and these track essentials were put to use by Pope, Paige, Reid, and Guild, all of whom ran on the flashy C relay team.

Special congratulations are paid to Pope, Paige, Landrum, Disessa, Donnegan, Johnson, and Reid, all of whom placed in the Reggies. With these future prospects we may look forward to many more successful seasons.

We wish to thank Mr. Patten and Mr. Fielding for their help, and also wish the team the best of luck and success in their future encounters.

Foreground: Barron, Chopchitz, Chin, Daniels, Mayo, Papetti, Weeks, Sider, Jang. First Row: Disessa, Burrell, Needham, Janey (Capt.), Mitchell (Capt.), Baker, Branca, Shain, Powell. Fourth Row: Egan, Galante, Castorice, Bozins, Buckley, Cohen, Powes, Ciccone, Develmen, Chin, Vartanian, Christian, DiGiorgio

CROSS COUNTRY

B.L.S. made an excellent showing in this year's cross country competition. In the first meet, Latin, taking the first eight places, shut out Trade and Dorchester. The Latin harriers continued their fine start by romping over defending champion Technical in what was the year's biggest upset.

The Purple finished a disappointing third in the City Meet after Bill Donegan, the team's top runner, had been knocked down at the start of the race. In the Regionals, injuries once again cost Latin the championship as Tech won 41 to 44.

Since juniors accounted for most of Latin's strength, next year's squad should improve despite losses due to graduation. With juniors Carl Campana, Bill Donegan, Ronnie Baker, and Paul Hayes returning along with freshman sensation Kenny Page, next year's team looks like a real winner.

Leaving stadium for open country

Bracken leads for Latin

First Row: Lynch, Allen, Brown, McClay, Bradley, Mucci, Subert, C. P. O'Connell, Griffin, DiDato, Zeghibe, Donohoe. Second Row: Rescigno, Scatibury, Conning, Sawdy, Keegan, J. K. L. Severino, Grotwell, Vito, Fano, M. J. Third Row: De, Freeman, Jones, Brogan, Sullivan, Reid, Page, Pilon.

Whelan, Mr. Fielding. Fourth Row: Snyder, Shuman, Lowe, John Buckley, O'Leary, Donegan, Shea. Fifth Row: DiSessa, S., Munroe, Baker, Mitchell, Carr, Corey, Fallon, Shuhan. Sixth Row: Gorin, Goldings, Powell, Patakonis, Hayes, DiSessa, C., Krinsky, Katz, Mr. Patten.

BASEBALL

Latin's chances to repeat as City Champion look good. Although Coach Patten has lost last year's infield, he has a fine nucleus of tested regulars to backbone this year's effort. Last season's pitching staff, spearheaded by Captain Bob Walsh, finest hurler in the city last year with a record of nine wins and one loss, looks formidable indeed. Bob will be ably assisted by Bob Nierman, Dave Ferrin, and Fred Schwelm. Junior Paul Masi, a regular last season, will again handle the catching chores.

The outfield should supply a big offensive punch. Big Jim Kulbacki can hit the long ball while Steve Vozella and sophomore "great" Bob Hansen are fine clutch hitters.

Lettermen Jack Garrity, Jerry Creedon and Bob Caruso, along with boys up from the J.V.'s, will round out the squad. Experience and ability should again make Latin a top contender in the city league race.

Coach Patten

The squeeze is on

Latin on
the move

Heads up play by Pisarski

SOCCEER

This year's record was four wins, two losses and two ties. In the first game Latin beat English. After losing to Needham, the Purple came back to beat both St. John's-St. Hughes and Watertown. Latin played to 1 to 1 ties against Medford and Milton in the following games. A determined Latin team lost a heartbreaker to Quincy on a penalty shot. For the first time in six years Latin beat traditional rival Roxbury Latin as Stevens scored the only goal in the second period of overtime.

We wish to express our thanks to Mr. Hoelzel for his help throughout the season.

First Row: Czakowski, Bass, Marlin, Segaloff, Vintoniv, Co-Capt. Pisarski, Co-Capt., Dashawetz, S., Dashawetz, R., Stafford

Second Row: Cheah, Newdick, Sham, Lubot, Terranova, Cohen, Lanterbach Third Row: Stephens, Kraissins, Jacobs

First Row: Haddad, Leary, O'Donnell, Hinds, Mr. Vara (Coach), DiSessa, Finger, Robins, Maffei. **Second Row:** Turrel, Gandel, Freeman, Kennedy, Brennan, Zunder, Miller, O'Donnell, J. Kavanah, Micheson. **Third Row:** McDonough, Holmberg, Mahony,

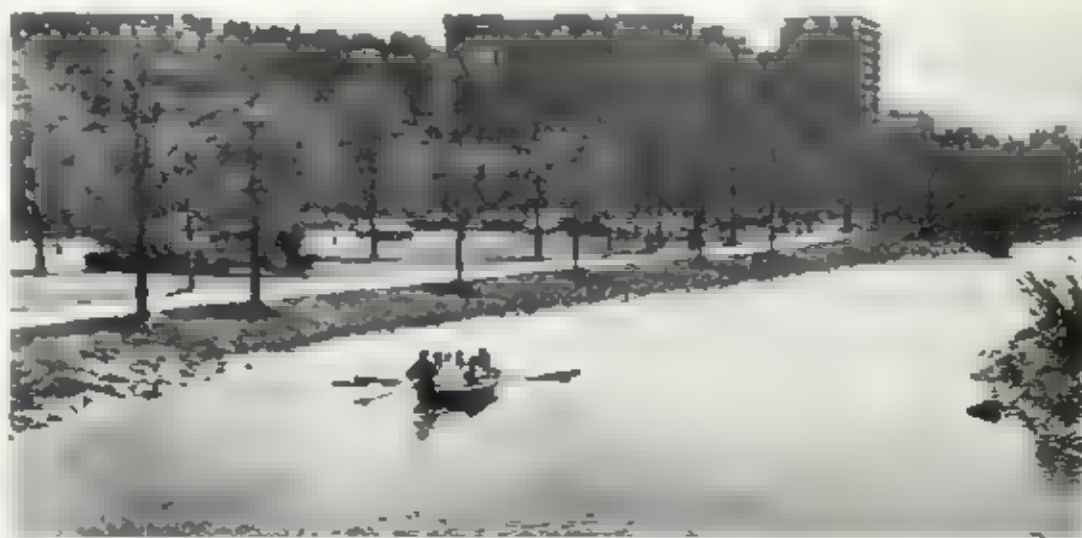

Jordan, Bornstein, Chamberlain, Possick, Azzone, Reimann, Friel, Doan. **Fourth Row:** Boyle, O'Neil, Weizel, O'Connor, Baird, Hinman, McDonough, Matveychuk, Lynch, Canoe.

CREW

Latin's outlook this spring is good despite the fact that the Purple and White finished third behind Technical and English in the fall. During the fall Latin improved greatly and should be ready in the spring to make a strong bid for the championship. Led by juniors and sophomores under the direction of Mr. Vara, Latin's hopes are high.

Turrell the coxswain, Haddad, Robins, Finger, Hughes, Brennan, Baird, Zunder, and Kavanaugh lead an impressive list of returning veterans who will backbone Latin's effort.

We wish at this time to thank Mr. Vara for his hard work and fine coaching.

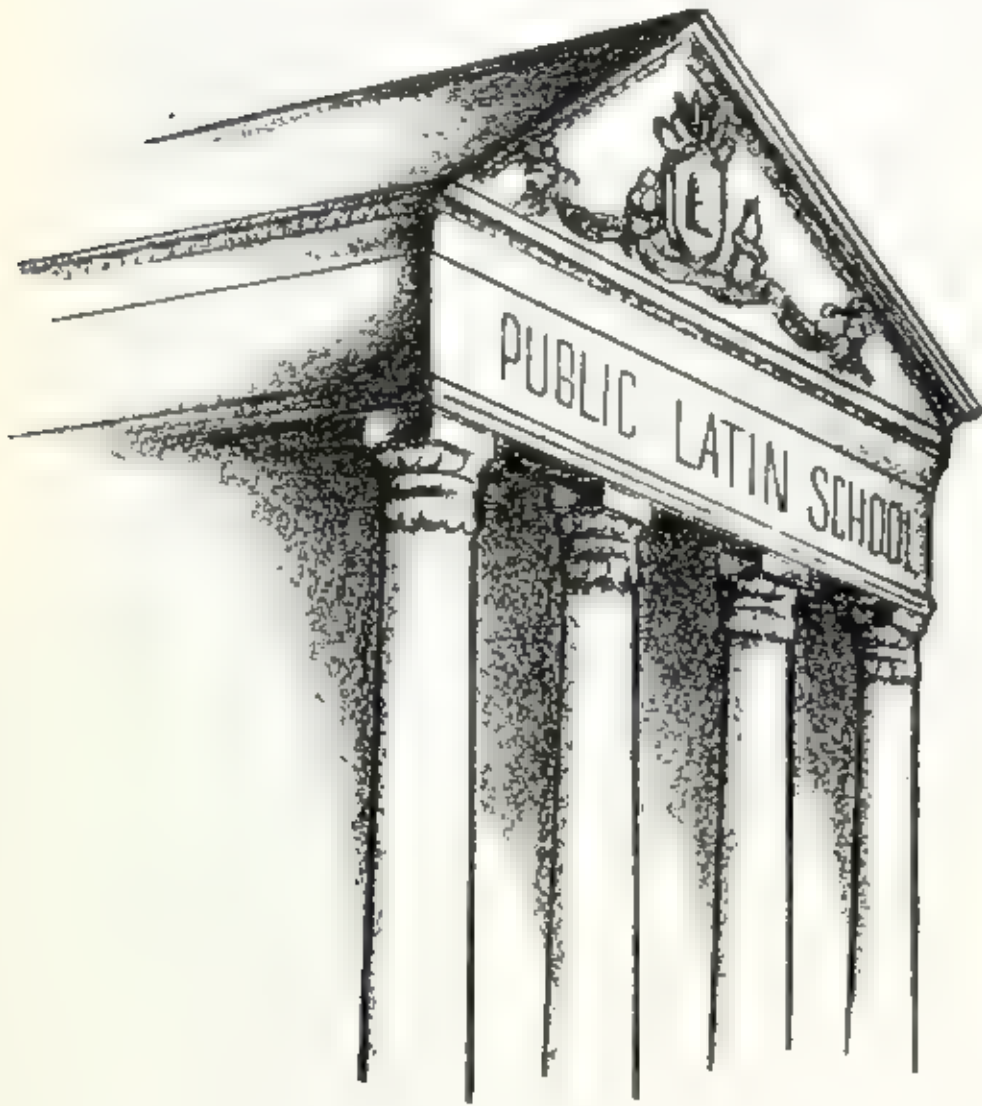

A Sleepy Lagoon

On the Charles

ORDINATIONES SCHOLASTICAE

A day at Latin School rarely ends with the ringing of the two o'clock bell. In many rooms the members of a club gather to hold a regular meeting or listen to an invited speaker. The band holds a practice session, and the Register

Learning The Values of

prepares another issue. Through such extracurricular activities, Latin School boys truly become a part of their school's life.

What can we say? Can mere words do justice to this book, the result of an outstanding combination of literary ability and unceasing effort? It is hardly necessary to point out our great writing, photography and art. Modest young men that we are, we will refrain from mentioning the readily apparent fact that this, indeed, is the best yearbook

ever published. But of course, with Mr. Gearin and Mr. Gordon as advisors, how could we fail to produce such a masterpiece?

In fact our success has prompted many of our teachers to suggest that we edit next year's edition as well. We still wonder just what they had in mind.

THE REGISTER

JUNE 18 As Ye R R R. writes his last entry for 1963-64, he can look back on another successful year for the **Register**. The fine creative work done by our writers and artists this year under the direction of Mr. Roche was acknowledged when the **Register** was named the best school magazine by **The Boston Globe**. The **Register** was also awarded the highest achievement in journalism certificate by Boston University, and, in a contest sponsored by St. Bonaventure University and **The New York Times**, literally "ran away with the competition." In this nationwide contest, our editors and staff members managed to capture two first places, one for fiction and one for editorial writing, two second places, in fiction and verse, and numerous certificates of merit in art and fiction.

Before Ye R R R. turns in his typewriter for another year, he would like to express his thanks to the present staff members for a job well done, and also his confidence in next year's staff to continue to produce a magazine of high quality.

Ye R R R. now looks forward to next year, the magazine's 94th anniversary, feeling confident that even George Santayana, founder of the **Register**, would be proud of its accomplishments.

BOWLING I

After a week of strenuous mental exertion the Class I Bowling Club really let loose on the pins at the Boylston Bowl-drome. "Gutter" Gilbert broke the world's record with 22 gutterballs in one string. Walter Wall, now an interior decorator, formerly held the record with 17.5.

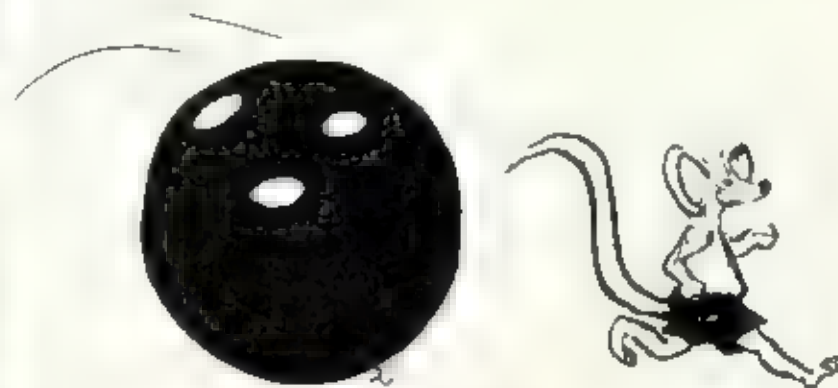

Frank Zungolo was voted "Sportsman of the Year" at our annual banquet at Joe Nemo's.

All such seriousness aside, the club would like to thank Mr. Powers, through whose efforts legislation was finally passed to have pins set up in the gutter.

BOWLING II

Every Friday, the members of the ten-team Class II bowling league made their way to the Boylston Bowl drome. There was a close contest this season between rooms 233 and 209 for first place, with room 209 finally winning the championship by one game. The "King of the Hill" this year was "Dobie" Gillis from room 209, whose fine 99.6 average led the league.

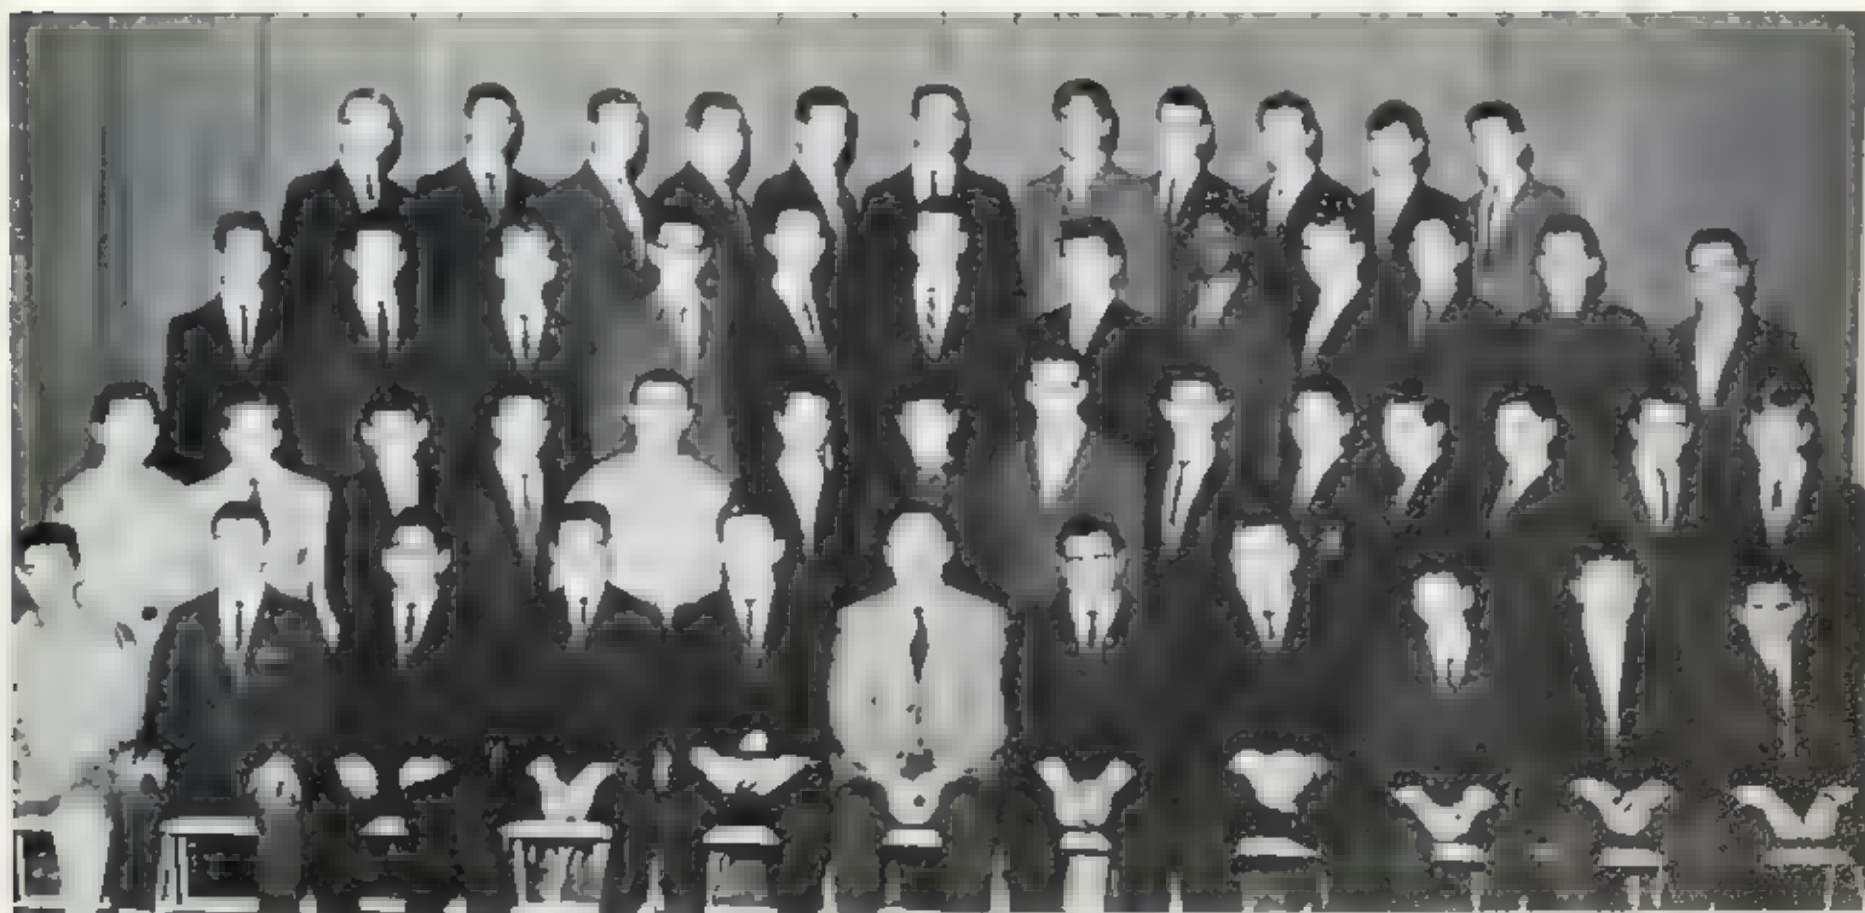

We wish to thank Mr. Powers for his efforts in making this season an enjoyable one for all.

David Nathanson

Once again the Purple and White Wood Pushers of the Latin School Chess Club have come through a successful year. Our chess team, although decimated by last year's exodus of seniors, has regained its prominent position in the Greater Boston Interscholastic Chess League. Consistent winners have been Woo, Duhms, Allegra, Kantzian, Flashman, Logan, Olaszewski, Nathanson, La Flamme, and Bloomberg. The club would like to offer its sincere thanks to Dr. Malick, its sponsor, for his advice and assistance.

COIN CLUB

How often does one think of the change in his pocket in terms of other than buying power? Yet in its four short years of existence, the Coin Club has instilled in its members an appreciation of numismatics, the science of coins, through enlightening presentations on such subjects as ancient wampum, proof sets, commemorative coins, and counterfeiting. Its faculty advisor, Mr. Zoll, sponsored such intra-club activities as auctions and trades, through which we came to the realization that the Happy Medium in life is having medium.

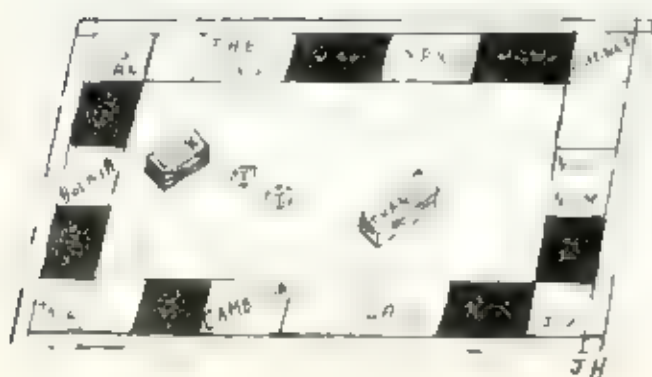

News of the week

CURRENT EVENTS CLUB

Because of a change in club policy, the Boston Latin School Current Events Club was able to give an exclusive membership from Classes IV-VI the opportunity to discuss and learn about events occurring everywhere, from Boston to Bangkok. The format ranged from discussion by club members to a most interesting and informative visit to the State Archives. Our thanks go to Mr. Murphy, our hard-working sponsor, for his help in making the club one of the most popular among the school's lower classes.

Foreground: Golden, Holleran, Naivenski, Finkel, Davis, Connolly, O'Keefe. **First Row:** Oleski, P. Baskin, Driscoll (Sec'y), Feldman (Pres.), Mr. Murphy, Teague (Vice Pres.), Mintz (Treas.), Walsh, LaShoto. **Second Row:** DeLuca, Krukons, Segal, DeYeso, Curinus, Chretien, Zibel, Powers, Holmberg, Kalnins. **Third Row:** Katze, D'Agostino, Conners, Yarmaloff, Lee, Tsoumas, Butler, T. DEBATING SOCIETY

OFFICERS

President
Vice-President
Sec. - Treas.

Peter Weinberg
Robert O'Neil
Bruce Teague

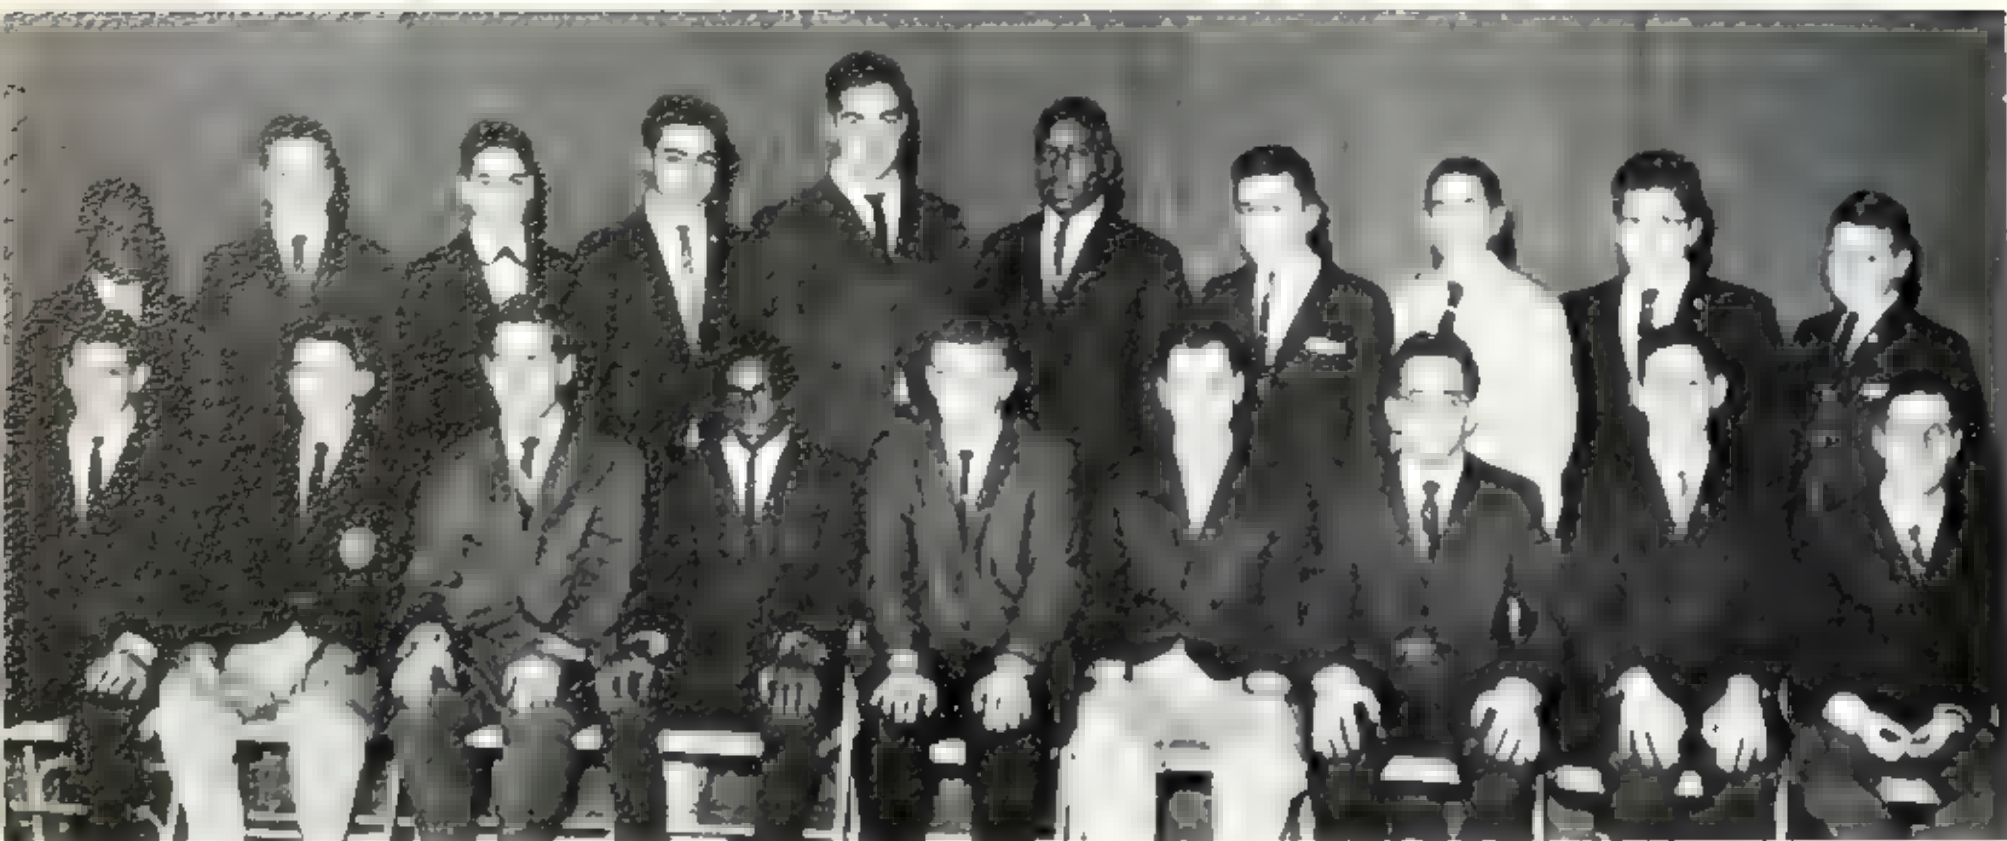

Continuing its leadership in the Latin School-founded Greater Boston Debating League, the Society had a rewarding season. In addition to the formal League debates, the Society participated in two radio series on WBZ's "Tomorrow's World." In February in honor of the Quater-Centenary of Shakespeare's birth, the Society, in conjunction with the English department, produced a forum and appeared in a radio discussion concerning the authorship of the plays.

We wish to thank Mr. Waldron who ably replaced the Society's original sponsor, Dr. Spector.

Guss, couldn't we talk this over?"

First Row: Fallon, Jakmauth, Weinberg, Burrell, Mr. Smith, Men-
toff, Bernstein, Litwack, Dawes. Second Row: Reason, Curtis

Gradstein, Fox, Miley, Trosky, Miles, DeCora, Schosberg, White,
Kornell

DECLAMATION

One of the oldest traditions of Latin School is declamation competition. While originally every boy had to appear in declamation, presently it is a voluntary activity. At the end of May, boys who had appeared in at least three of the five public declamations competed in prize declamation with famous graduates acting as judges. As is the custom, lower class prize winners were announced by Mr. Doyle amid the congratulations of well-wishing classmates.

The school wishes to thank Mr. Smith for his assistance as declamation advisor.

"I am the greatest!"

GERMAN CLUB

The primary function of the German Club is to promote interest in the German language, culture, and history. This year, under the club's policy of active participation, each member gave a talk on some topic of German interest. The members then donned their Beethoven sweatshirts and made several trips to the language laboratory, where they were given an introduction to the finer points of German classical music. Danke schon to Mr. Donovan for his guidance throughout the year.

GLEE CLUB

"The best Glee Club I have ever had" might well be the lyrics to the tune Mr. Famighetti sang at the end of our club's finest season. Overcoming long hours and hoarse voices the Glee Club performed admirably at both Latin School and Boston Common concerts. The club sent thirty boys to the All-City Chorus and represented the school at the famed Boston Public Schools' Concert at Jordan Hall. And to top off the year, we sang a final farewell to the seniors on Graduation Night.

HIGHWAY SAFETY CLUB

Hurrah! Yet another successful year for the Highway Safety Club, which is not, as some suspect, a secret organization. The club members gave informative discourses on hub cap removal, physical principles of the syphon, basic ignition electronics, techniques of parking, and other profitable topics.

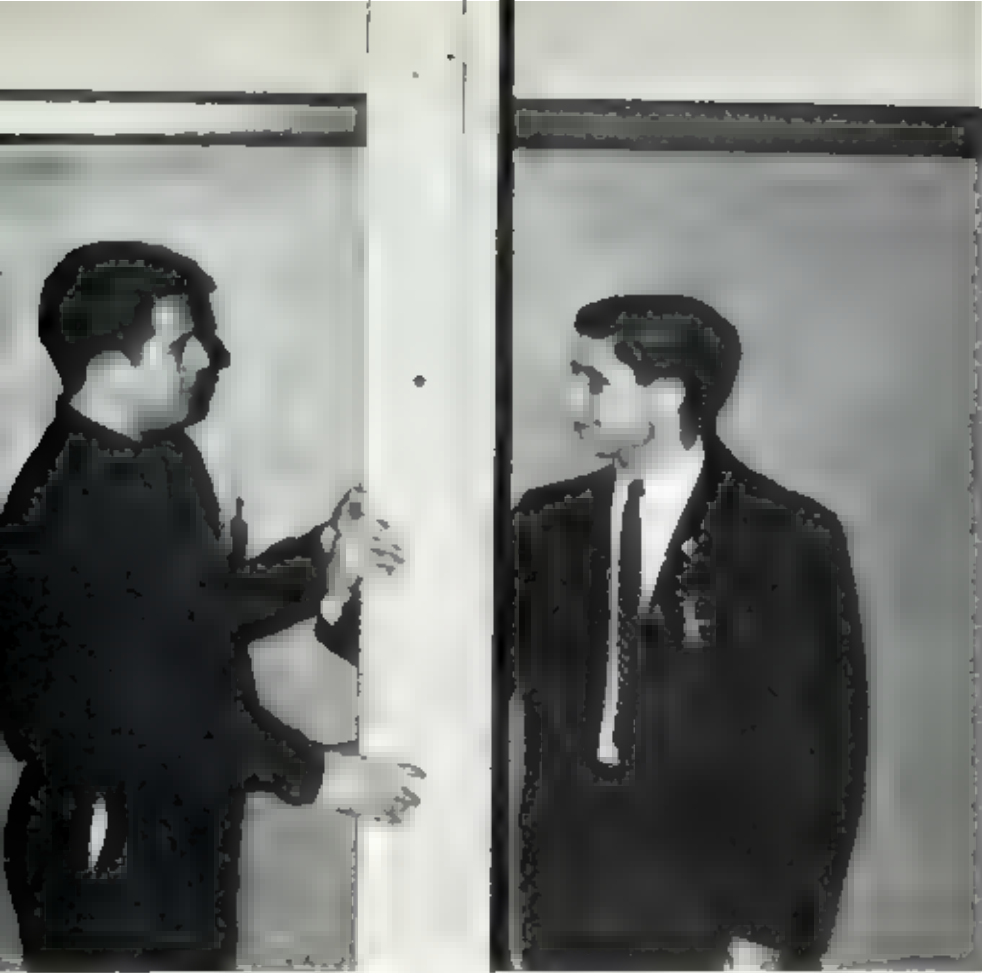

Following a winter of lectures and meetings, which included a movie on the need for safety belts, the members donned their cowboy hats and Beattle boots in May to participate in the annual Road-E-O safe driving contest on the Boston Common, as our intrepid advisor, Mr. Spracklin, watched from a safe distance.

Key Club Fulfills Theme . . .

The B.L.S. Chapter of Key Club International, sponsored by Boston Kiwanis under the guidance of Mr. Carmine Vara, has fulfilled its theme of *Render Dedicated Service* through many hours of volunteer work in hospitals and charitable organizations. One of our most enjoyable projects was the production of a Christmas show for patients at the Children's Hospital. In the school, our members have acted as office assistants, tutors, and in other service capacities. In this year's major effort, we raised over \$2,000 in scholarship money by co-sponsoring the Music Festival ad-book. The members wish to thank Mr. Vara for his enthusiastic sponsorship.

MILITARY SCIENCE CLUB

Turn left at the Hudson

The purpose of the Military Science Club is to continue the study of military science and tactics and their relationship to this modern rocket age.

Guided by Colonel Kelly, the club presented a very interesting program, including field trips to the Natick Research and Development Depot, the Watertown Arsenal, and the Charlestown Naval Shipyard. The club arranged for the Pensacola Naval Air Cadets to put on the Pageant of Flags. An informative talk was given on N R O T C., and various films on tactics were shown. In January four club members participated in a radio program on military science.

LIBRARY STAFF

Read it and weep

Service to the school by helping in the library means the sacrifice of study time by the volunteers. But the boys who have given of their time are rewarded by the increased interest in and use of the library by the students.

In fact, it is a tribute to the able guidance of the school librarian, Miss Helen Sanbar, that this year the library staff has received official recognition in our Liber Actorum for the first time.

PROFESSIONAL CLUB

Once again the school's largest club was also one of its most successful. The Professional Club was honored by having several distinguished speakers speak to the student body on specific occasions. Among the speakers were Dr. Mary Green, whose topic was dental surgery and orthodontics, and members of the B.U. Student Bar Association who spoke on various aspects of the legal profession.

At New Year's the club received a new faculty advisor, Mr. Conley, who continued the splendid job started by his predecessor, Mr. J. Doherty. The operation of the only school bookstore in the city of Boston was the year's major project. In the store, now in its second year of operation, paperbacks were available to students and faculty members. Part of the profits will be donated to the school library, and the remainder will be available for scholarships for deserving club seniors. Congratulations to the Professional Club for its fine service to the school.

So you're across the street now.

RUSSIAN CLUB

The Boston Latin School Russian Club met one Thursday a month in 215. The aims of the club were a greater understanding and appreciation of Soviet history, culture, and ideology. The movie "Nightmare in Red" on Soviet history greatly aided our party chiefs in their objectives. The overall spirit of cooperation, especially in the preparation of talks, contributed toward making this year an enjoyable one. Our congratulations to Mr. Hughes for a job well done during his first year as advisor.

Werneth, Carrigan, Campa, Katz, Doner, Cusick, Paopolo, Rocco **Fourth Row:** White, D'Amico, Lynsky, Levy, Marneing, Loust, Maffei, A. Teshin, Wallenstein

DRILL TEAM

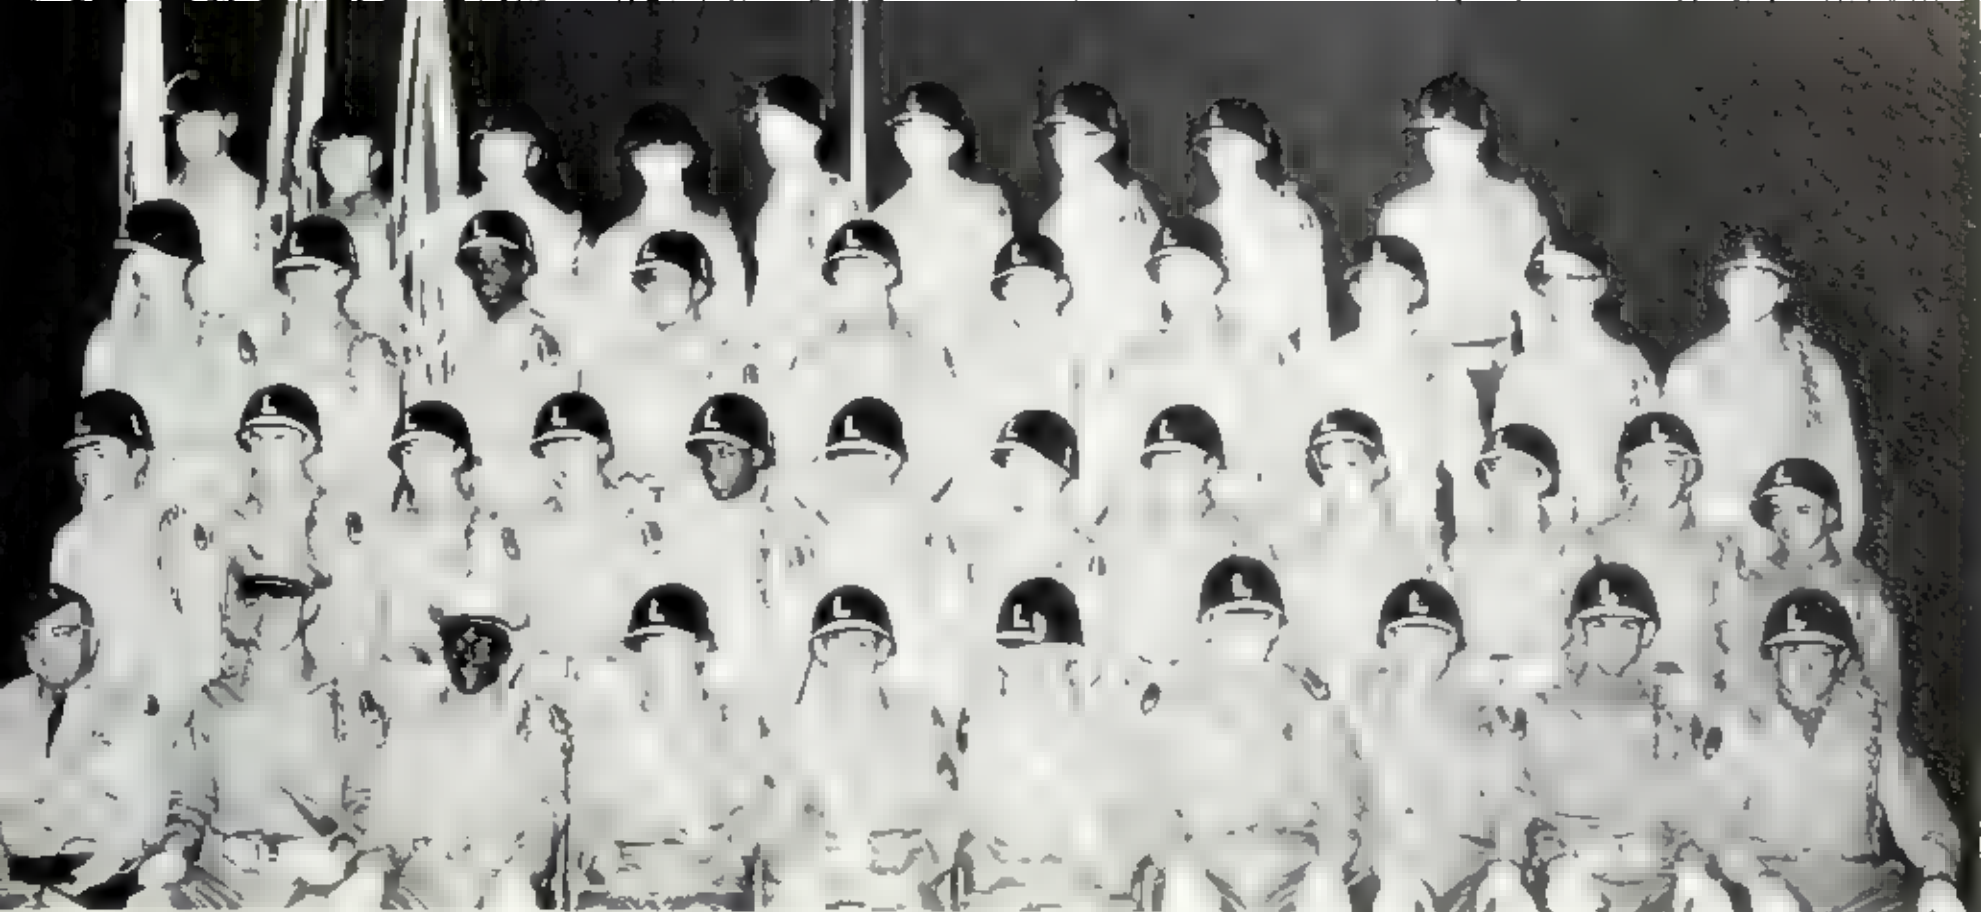

The B.L.S. Drill Team, under its Captain Bob Daley and Co-Captain Tom Maffei, is still displaying the outstanding skill that has brought it fame throughout the years. Colonel Kelley's intricate routines have brought praise from appreciative audiences at the Latin-English game, the Nazareth School, Cardinal Cushing High School, and at Prize Drill. The team is fortunate in having such a distinguished drill master as Colonel Kelley who has instilled in them the spirit of pride and precision.

First Row: Burns, Colwell, Orst, Zunder, Gortchick (2nd Lieut. Benjamin (2nd Lieut.), Allen (1st Lieut. (1st Lieut. DiSessa, Capt.), Mr. Young **Second Row:** See Joffe (Drum Major), McCarthy, Siegel, Epstein, Meline, Kordis, Brode, Minor, Ulin

Third Row: League, Aran, Reyer, Hirschel, Garvin, Anselmo, Hurley, Flynn **Fourth Row:** Baugh, Goodings, Baird, White, Linehan

First Row: Lt. Col. Kelev, Daley, Burrell, Hiltz, Seibert, Levenbaum, Weinberg, Freeman, Parrow, Shore. **Second Row:** O'Neil, Sweeney, Spalvins, DiMattia, Johnson, Cumming, McIntosh, Novoson, Dublin, LaFrazia, Thompson, Powers. **Third Row:** M.

Cormick, Nickerson, Allen, Amico, Fitzgerald, Dolan, Nyberg, Gelerman, Scantlebury, Coriese. **Fourth Row:** Lonergan, O'Donnell, Peterson, Leary, Nevulis, Contois, Isenstein, DiAngelis, Katz.

This year the Band, under the able direction of Mr. Young, enjoyed one of its best seasons, performing at the Latin American Conference, the Latin-English game, Prize Drill, the Music Festival, and various school assemblies.

Seniors formed the nucleus of the group, and in spite of dire threats that "this time the marks are going in" survived to provide entertainment for an appreciative student body. We thank the members for sacrificing their valuable time in this voluntary activity.

BAND

First Row: McDermott (Major), Fiveash (Capt.), Finger (2nd Lieut.), Freedman (1st Lieut.), Hiltz (1st Lieut.), Forte, Fitch, Leitsinger, Strickland, Singer (1st Lieut.). **Second Row:** DiSessa (Drum Maj.), Baker, Gartland, Callum, Waters, Brady, Neville.

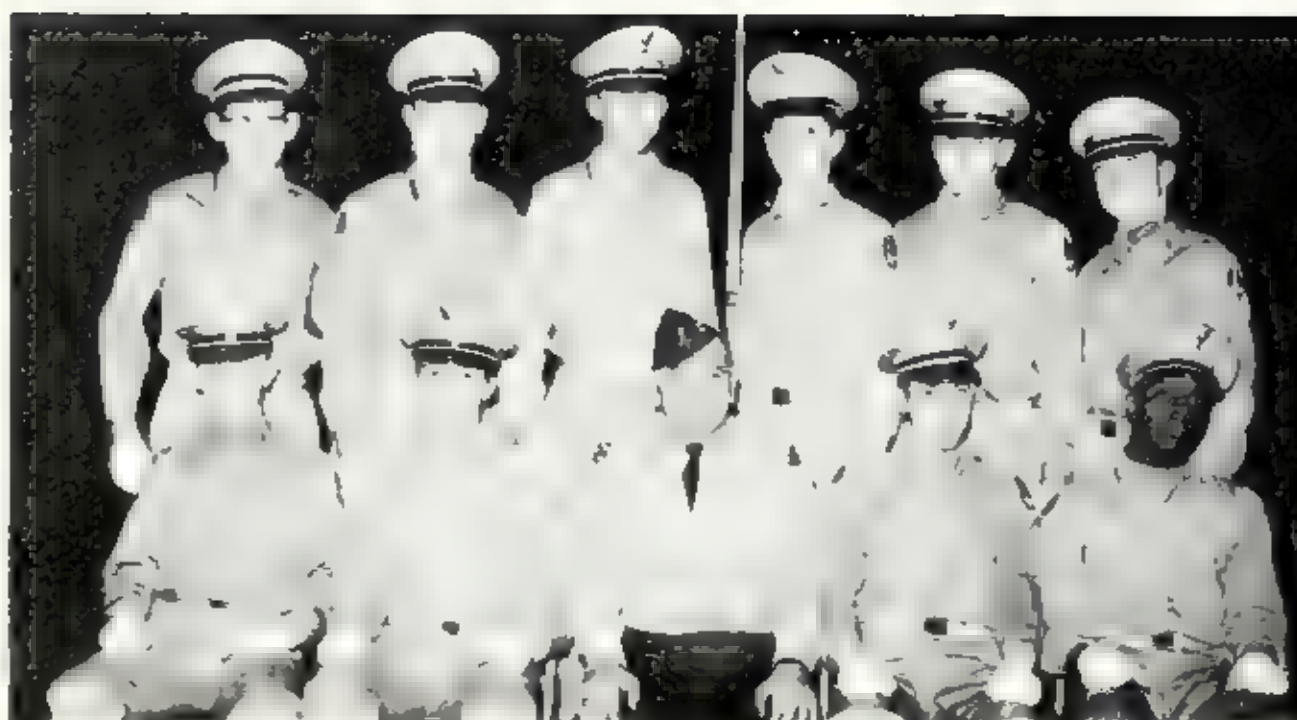

Madoff, Boyle (1st Lieut.). **Third Row:** Gilligan, Klein, Markos, McChrystal, Feldman, Gublin, Caputo, DiMatteo. **Fourth Row:** Driscoll, Kavanah, Stevens, Duban, Ehret, DeChelisi, Scavotto, Leventhal, Cohen.

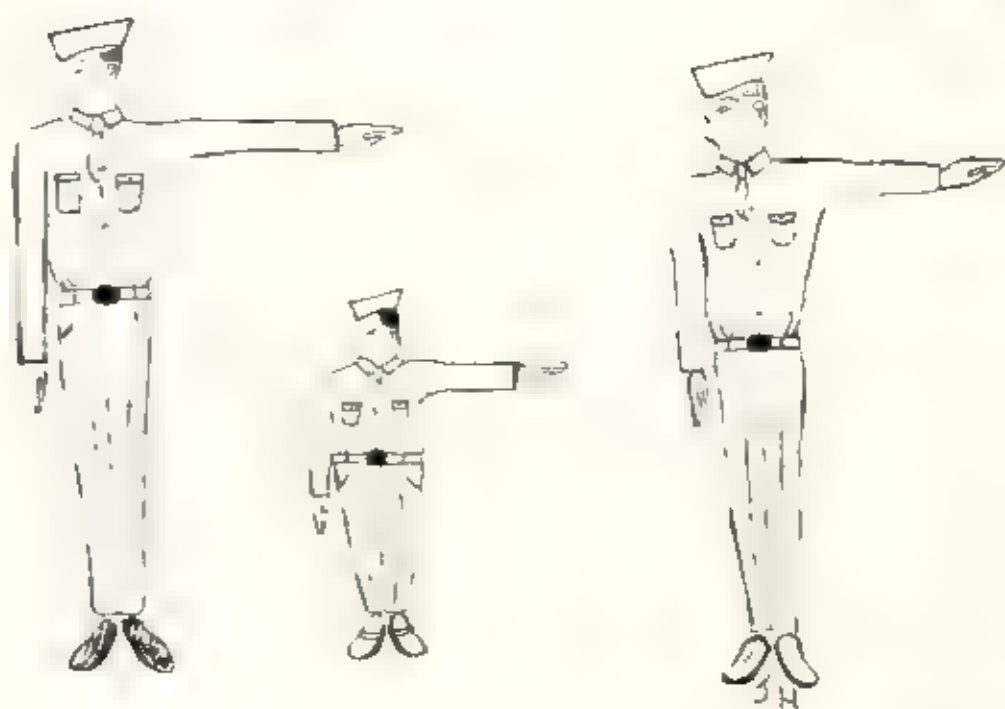

MILITARY DRILL

CAPTAINS

First Row: Hart, Cortese, Col, Keley, Dian
gelis, Janey **Second Row:** Blodgett, Polter
Chalfin, Nee, Marsh, O'Donnell

They're shinier than mine

Leary Doan **Third Row:** Kaser Mulholland Charlie Yeate White Gilman Sullivan Brown Rebman **Fourth Row:** Reis Riley Hadley O'Donnell Staniewicz Sweeney Mullen

Program In 104th Year

The leaders of tomorrow are being trained through the military science program which is now in its 104th year at the Latin School. The course of study, consisting of one tactics class and one period of drill each week for class II and I students, prepares the boys for college R.O.T.C.

The year's highlight was the traditional two phase Prize Drill competition, in which all fifteen companies vied for coveted first-place honors. The entire corps of cadets thanks Colonel Kelley for his patience and good advice.

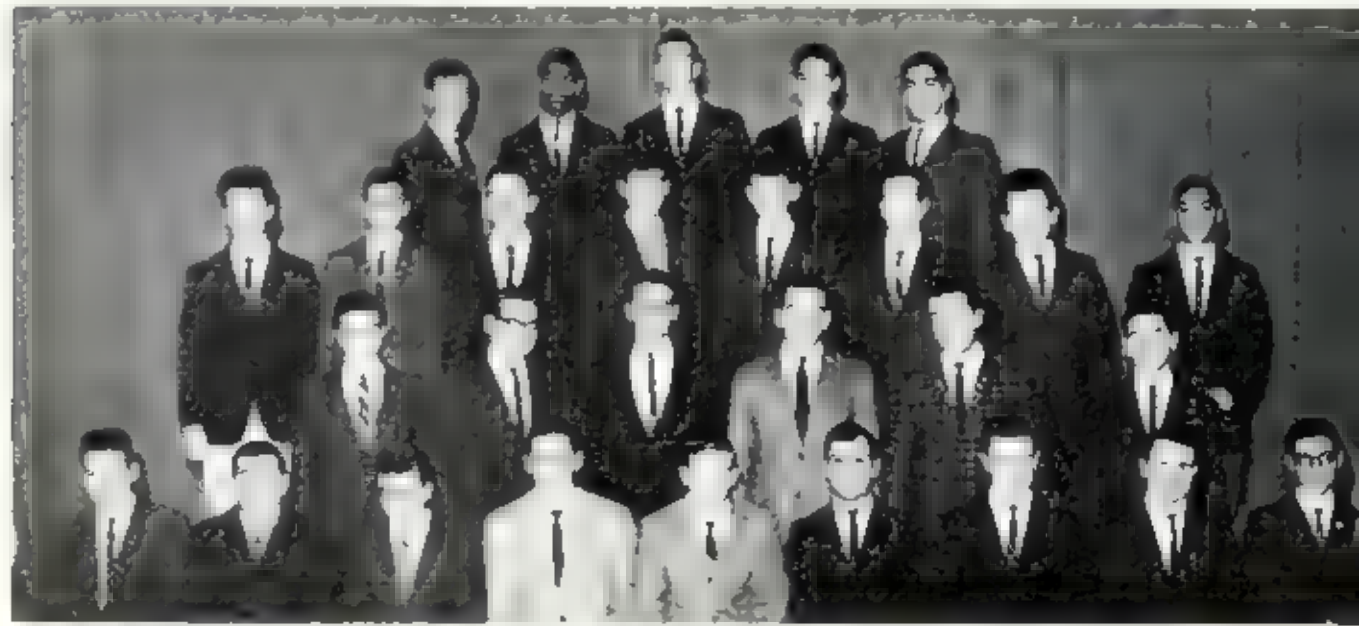

COMPANY OFFICERS

First Row: Lt Col Kelley Potter, Nee, Hart, Cortese Diangelis, Lloyd, Leshin Magvar **Second Row:** McGunagle, Pannier Williams, Waltzman, Ryan Milling Flamenbaum Valerio Nathan

son. **Third Row:** Diaferio, Farago, Fasano, Lubot, Clark, Solotarew, Hanway, Izbicka, McCarron. **Fourth Row:** Levy, Kulbacki, Nevulis, Janes, Pappas, Egan, Nickerson, Petrillo, Aisner

CLASS DAY COMMITTEE

First Row: Stanhewicz, Muggs J. F., Branca, Potter, McGunigle, Palermo, Needham, Murphy, Elboim **Second Row:** Hiltz, Abrams, Morgan, Shea, Loukas, McIntosh, **Third Row:** Hogan, Marlin, O'Leary, Karp, Mollo, Spry, Michelson, Sabbag **Fourth Row:** Pappas, Parham, Mitchell, Goldfarb, Nathanson

The teachers and headmaster having vacated the hall, the Class of 1964 began to present its Class Day program. The hilarious skit spoofing both the masters and seniors alike, followed by the class will and prophecy, afforded an afternoon of light entertainment for Classes I and II. Our thanks to the hard workers on the Committee who helped to make the program a success

RING COMMITTEE

It is not our purpose to question the function of this organization, but to provide recognition for the boys through whose efforts whatever the Ring Committee actually did was accomplished quickly and quietly, by means of meetings held apparently by mental telepathy. Nevertheless it cannot be denied that we do have our rings, which, in the end, is all that counts

First Row: Chenette, Concannon, Sawdy, Guidara, Elboim, Murphy, Getman, White, Gardel **Second Row:** Murphy, Murphy F., Ficaglia, Lubot, Smith, Hiltz, Sham, Smith, Garner **Third Row:** Krinsky, Levenson, Morella, Mollo, O'Donnell, Daum, Michelson, Mackin

FAREWELL PROM

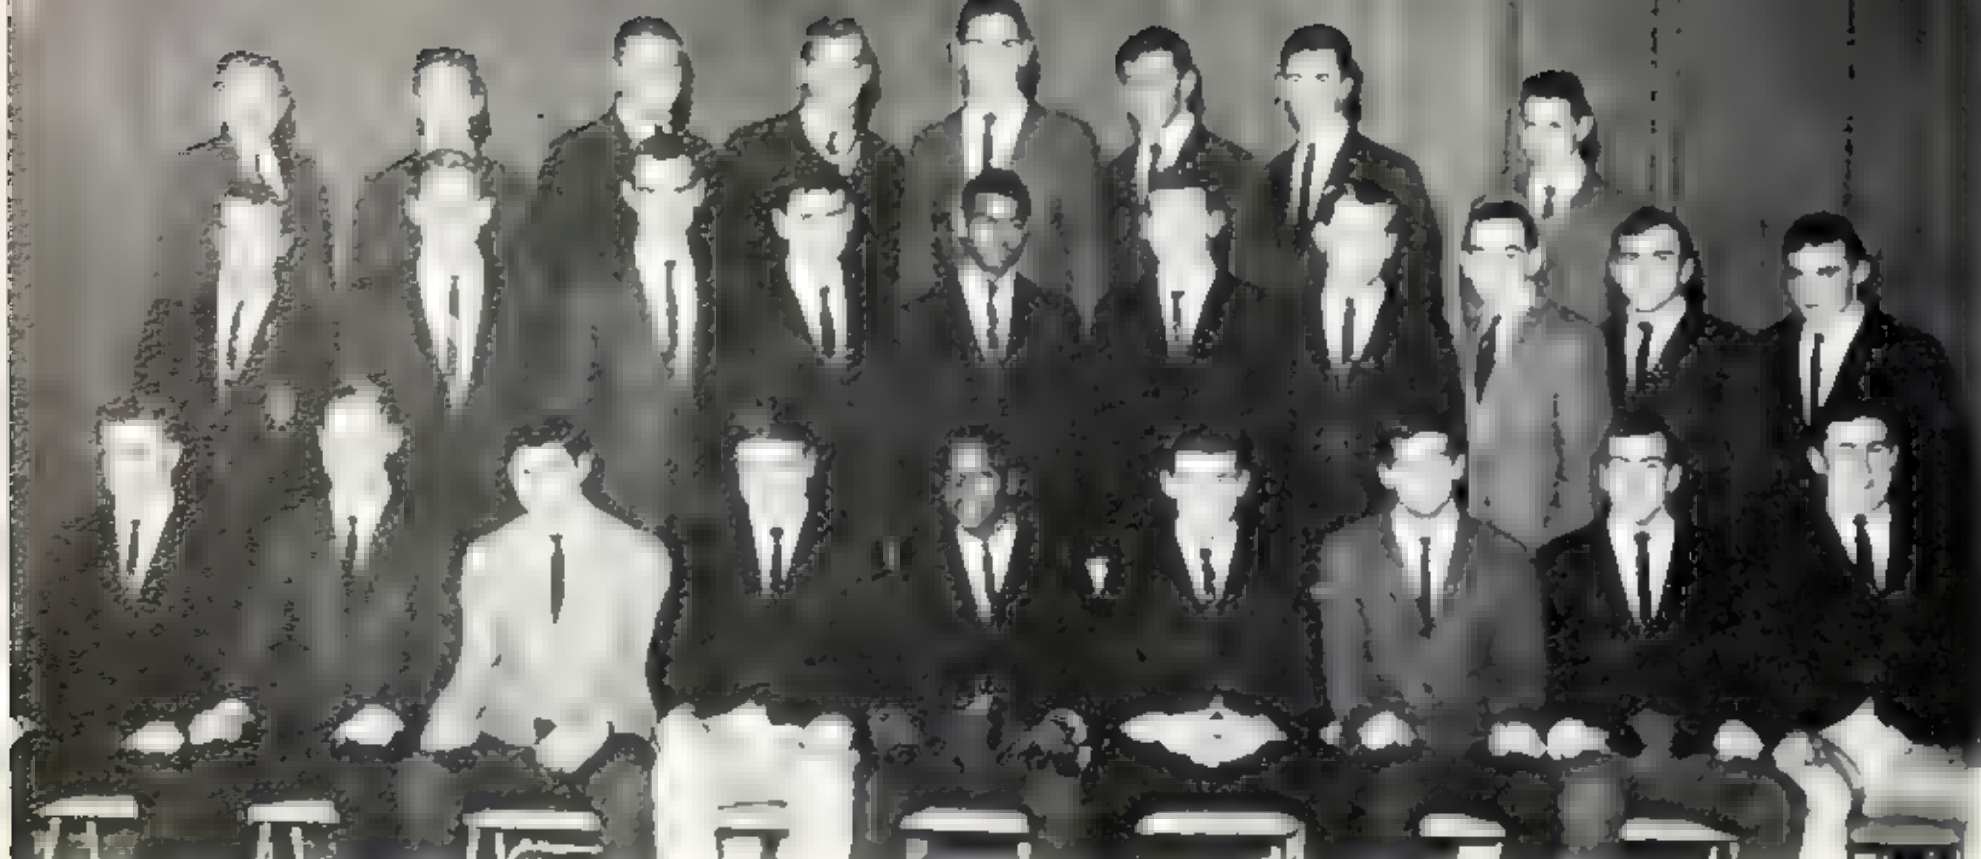

Set in the rolling countryside of sylvan Canton, the Blue Hills Country Club provided an ideal setting for this year's Farewell Prom on May 27, 1964. Struck by the beauty of their surroundings and mesmerized by the melodious music of Jimmy McHale and his orchestra, the couples

danced the night away, resplendent in their multi-colored outfits. After the crowning of the queen and the Grand March, the couples wandered off to their favorite eating places and rolled in at an ungodly hour.

First Row: Needham, Palermo, Stanhewicz, McGunigle, Branca, Potter, Elboim, Murphy, Getman. **Second Row:** McIntosh, Breen, Sabbag, Loukas, Mollo, Chenette, Kaiser, Abrams, Spry, Segal.

Third Row: Freeman, Stanger, Janey, Donovan, Concannon, Gindara, Pappas, Mahen, McDevitt, O'Leary.

First Row: Needham, Timpson, Guidara, O'Donnell (Co-Chairman), Janey (Co-Chairman), Davis (Co-Chairman), Concannon, Mitchell, Holland. Second Row: White, Dowd, Kelly, Connolly,

Parham, Quinn, Donovan, Shea, Phalan, Norkus. Third Row: Albrecht, Gilmore, Mast, Allen, Potter, Brown, Daum, Larvey.

VICTORY DANCE

After our usual Thanksgiving dose of tears and turkey, the members of the football squad, their dates, and a group of consoling friends retired to New England Mutual Hall in Copley Square.

There, lulled into happiness by the music of Jimmy McHale and his wandering minstrels, all present forgot the tragedy of the day.

Left: Janey sells tickets.

Man: you're big.

Mr. Gumbs, Mr. Lambert and Mrs. & Mr. Smith.

SENIOR CLASS BANQUET

On the night of April 28, the gourmets and gourmands of the Senior Class assembled at the Hotel Bradford for the annual banquet. There they enjoyed fresh roast turkey, shot recently by the Pilgrims, and other tasty tidbits. For

dessert they were treated to entertaining discourses by various distinguished speakers. Congratulations to Don Needham and his committee for their culinary accomplishment.

First Row: Stanhewicz, Slurp, Branca, Potter, Needham, Murphy, Palermo, McGurgle Chenette **Second Row:** Flynn Larvev. Mollo, Elboim, Janey, Guidara, Quinn, Davis, Holland, Shea

Thrd Row: Segal, Spry, Karp, Daum, Callahan, Mitchell, Kulbacki, O'Donnell, Concannon

CLASS ORATION

by John Patrick White

Now the hurlyburly's done, and at last the battle's won. We are assembled here today like conquerors who, having reached the summit of a high mountain, look down at the path they have taken and marvel at the number of pitfalls they have somehow managed to escape, who then look out across the valley to other mountains and wonder what awaits them at times yet to come and in places still to be explored. So too, although we know not what the future holds, each of us hopes that he can overcome any obstacle in his path using the wisdom which he has acquired at Boston Latin School.

Here at Boston Latin we all have had our mountains to climb. We have stumbled often on the way yet we have repeatedly risen to our feet and continued our journey. We have finally reached our goal and are standing on the peak, gazing triumphantly about.

First, we look back at our four or six years and remember the teachers who have been engaged in imparting to us the knowledge which experience alone can reveal. We also recall the friendships formed during these years at Latin School. We have learned many lessons both inside and outside the classroom, but one lesson in particular will be very useful to us—the lesson of perseverance, “the steadfast pursuit of an undertaking or aim.”

Now we look forward into the future and wonder whether we shall find the wealth and happiness which we desire. Each one of us hopes that his name will someday be added to those of the illustrious alumni whose names are written on the walls about us. We all look to the future in the belief that success and joy will be ours.

However, the road of life is often a trying one. Viewing the present state of the world, we can hardly expect that the tasks with which we will be confronted will be less difficult for us than they were for our predecessors. We must look to the future confident that it can be made better in some small way through our efforts, yet realizing that our labors will of necessity be great. Furthermore, we must remain steadfast in the conviction that the ideals and principles which form the basis of our lives and of

our democratic system must be preserved regardless of the cost.

As we strive for fame and fortune, let us not forget “in all our getting to get wisdom.” Let us remember the heritage of honor and justice which our forefathers have left for us, let us not fail to participate in the search for world peace, let us not believe that the end of the world is upon us because of the existence of the atomic bomb.

Each of us could well profit from the words of one Colonel Davenport, a Speaker of the Connecticut House of Representatives. The Colonel was confronted by a grave situation on May 19, 1790. On this day there occurred a total eclipse of the sun. The people were convinced that the end of the world was upon them, and the members of the House clamored for adjournment. The illustrious Speaker silenced the din with these words.

“The day of judgment is either approaching or it is not. If it is not, there is no cause for adjournment. If it is, I choose to be found doing my duty. I wish, therefore, that candles be brought to light the chamber.”

Of course, the world did not end on that day, but no one knew for sure that it would not. Yet, Colonel Davenport chose to keep doing his duty, and this is what each of us should do. We should re-light some of these old candles and bring in new ones of our own in an attempt to lead mankind to another Enlightenment in which peace can reign over the earth. For, in the words of John F. Kennedy, “the energy, the faith, the devotion which we bring to this endeavor will light our country and all who serve it—and the glow from that fire can truly light the world.”

Let us strive through word and deed to show the people of the world that the torch has truly been passed to a new generation of Americans. Let us, the men of the Class of 1964 of the Boston Latin School, station ourselves as the foremost torchbearers of this new generation, and “with a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love asking His blessing and His help, but knowing that here on earth God's works must truly be our own.”

CLASS DAY SKIT

Prologue— Today is Class Day . . . This day has class . . . Wait, we don't have any classes today
There are no classes today . . . This is not Class Day

Curtain—

Scene . . . Senate Sub-Committee Room, Four Senators, typist, and ten gangsters.

Enter Senator Doyle (Chairman)

all quiet . . . all sit down . . . the gavel sounds.

Senator Doyle— This Senate Investigating Committee is now in session. Before we call the first witness I have some business to attend to. The check for this year's Grinnell Award, drawn on the Dover Street Bank and Trust (Senator 3 interrupts)

Senator 3— That is the wrong speech. This is an Investigating Committee

Senator Doyle - Senator, call the first witness

Senator 4— Will Mr. Cleary please take the stand? (Mr. Cleary takes the stand.) Do you swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

Mr. Cleary— Well some people would tell the truth gladly, but I know some hooligans in my homeroom who wouldn't tell the truth (Senator 4 interrupts)

Senator 4— Never mind all that. Can you account for your presence in November?

Mr. Cleary— Well in November I was (looks off to the side.) Hey you, get away from my water fountain (runs off)

Senator Doyle— Call the next witness

Senator 3— Will Mr. Smith please take the stand? O K., who killed Big Billie Shakespeare?

Mr. Smith— Down at Parris Island we learn to keep our mouths shut

Senator 3— O K. Don't squeal. Just tell me what do you gain from all this

Mr. Smith— Well that's a grabber. Didn't you ever stop to think about the true, the good, and the beautiful of crime?

Senator 3— You're excused. Next witness please (Mr. Smith leaves—Mr. Fontaine takes the stand.)

Senator 3— What's your name?

Mr. Fontaine— Fontaine

Senator - What's your first name?

Fontaine— Mr

Senator 3— You are here to testify about the illicit drug traffic in room 329

Mr. Fontaine— Eh, you know how it is

Senator 3— Give us a specific answer

Mr. Fontaine— Eh, you want an answer. I'll give you an answer. Ya see, it's just like robbery, only it's different. Look in your dictionary, it's true

Senator 3— All right, you're excused

Senator Doyle— Call the next witness.

Senator 2— Will Mr. Hopkinson please take the stand? What do you think your chances are for going to jail?

Mr. Hopkinson— Well my chances are better than some but not as good as others

Senator Doyle— Continue with the questions

Senator 2— Just what are you making in your office?

Mr. Hopkinson— I'm making a list, checking it twice, gonna find out who's naughty or nice, the new head master's comin' to school

Senator 2— Will you please explain how you expect to pay for your \$2 phone bill?

Mr. Hopkinson— That all come out of class dues

Senator 2 - Well, how much do you have in the class dues?

Mr. Hopkinson— Approximately \$1908.69

Senator 2— What is the financial status of your organization?

Mr. Hopkinson— Well, as you know, we don't have to have our transcripts in until March 1st. By the way, what is today's date?

Senator 2— April 29th

Mr. Hopkinson— Well, I'd better get back to my office

Senator Doyle— Next witness please

Senator 1— Will Mr. Pearson please take the stand, and so forth. You have been requested to testify against a certain boy, who must remain unnamed, as the person who allegedly—so to speak—entered your room and preceeded to take apart your locker in order to steal a test. Just what do you have to say?

Mr. Pearson— Well, I must admit that—as such—that reminds me of a certain case: *Crab vs. Cross*—on May 9th, 1869. Tuesday, a dismal day—so to speak. (Senator 1 interrupts)

Senator 1— Never mind all that. Just answer the question.

Mr. Pearson— Oh dear, this never happened at Dartmouth.

The Col. Kelley Commandoes enter and do the manual of arms, then they exist.

Senator Doyle— Next witness.

Senator 4— Will Mr. O'Brien take the stand. Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

Mr. O'Brien— We do.

Senator 4— What did you do with the Fidelity Prize for your last year's class?

Mr. O'Brien— We bent it into a pretzel.

Senator Doyle— Speaking of pretzels here is the class will.

CLASS WILL 1964

Senator Doyle— We leave Mr. Miller a Beatie wig.
We leave Mr. Kieran a ticket for speeding through Math books.
We leave Mr. Thomas rubbish from the Boston Arena.

Senator 1— We leave Mr. Lambert our B.C. High theme song.
We leave Mr. Chiarini a pair of brass knuckles.
We leave Mr. Fielding a ticket for the Jack Lalanne Show.

Senator 2— We leave Mr. Resnick Michelson and a book "I'm Not Trying To Be Funny, I'm Just Being Sarcastic" and the other half of his glasses to read with.
We leave Mr. Jacob a boxing match with Daly.

Senator 3— We leave Mr. Pearson books by Hofstadter, Bragden, Faulkner, and so forth.
We leave Mr. Hopkinson the class dues . . . What class dues?
We leave Mr. Finn change for a quarter.

Senator 4— We leave Mr. Buckley a year's supply of Com-poz.

Senator Doyle— We leave Mr. Locke our vote as one of the nicest guys in the school.
We leave Mr. Mierhe a new Hoffman Apparatus.
We leave Mr. Dolan a Harley Davidson.
We leave Mr. Fontaine taking French Pronunciation Lessons from Charles De Gaulle.

Senator 1— We leave Palermo a year's supply of Score hair cream.
'Dutch' Holland leaves his fingerprints in Mr. Higgins' briefcase.
We leave Karp a can of Hartz Mountain fish food.

Senator 2— Potter leaves to coach Newton High's hockey team.
Bob Walsh leaves for referee Garrity's house in Newton. He moved from Arlington this past season.
We leave Lazin, Donovan, and Janey in 317 . . . preparing for a physics test.

Senator 3— We leave Ahearn an English term paper and a bottle of Mantan.

Senator 4— We leave Diaferio a can of grease and a steel comb.
We leave Hoffman counting eighteen, nineteen, and so forth.

Senator Doyle— Michelson and Nierman leave for home at 8:15.
We leave Olzewski defending his sandbox against an army of invisible airplanes.
We leave Cumming as Poet Laureate of lower Slobovia.

Senator 1— We leave Allegra teaching first grade calculus . . . you know, that new math.
We leave Barrevechio a B rating and a Crimson Voodoo doll.
We leave Baskin in the sun.

- Senator 2— Raine and Shea both leave insisting that one is balder than the other
Bob Morgan . . . "only his hair dresser knows"
We leave Ciriello a year's subscription to "Physique"
- Senator 3— We leave DeGregorio a State Hockey Championship **Newton Rogues.**
We leave Goldin in school for a chan
We leave Loukas a lifetime supply of Persona Blades
- Senator 4— Maffei leaves with a girl from State Teachers
We leave Bongo Charlie DiSessa very happy
We leave Powell a year's supply of lavender suspenders
- Senator Doyle— We leave Joe Tedeschi a "bad-guy" suit
We leave Brennan the most important 3/4 inch at West Point today
We leave Dirko his own B I S Diploma
- Senator 1 — We leave Henry Katz a case of Ender
We leave Krinsky a superfine pen and a 2 by 2 piece of paper
Pappas leave to join Lawrence in Arabia
- Senator 2 — Patz leaves to conquer East Boston
We leave Jack White a floor plan of Latin School
McDevitt leaves for Milwaukee
- Senator 3— We leave Bob Sabbag at the oasis
We leave Hiltz two converted showers
We leave Jack Hadley in the dark-room
- Senator 4— We leave Farago a gallon of Dristan and a bedsheet size hankie
We leave Ed White a horse
- Senator Doyle— We leave Spry a copy of F H and the Epistles of St. Peter
We leave Pokaski and Vintoniv free estimates for a haircut
We leave Kaplan a pair of dirty khaki socks
- Senator 1— We leave Connie and Artie O'Leary in the Guidance Office
- Senator 2— We leave Chris Buono \$74 of loyalty fund money
We leave Mike Concannon finally warming the bench
We leave Stola in the Smithsonian Institute
- Senator 3— We leave Anderson an automatic comb
We leave Georgie Albrecht a pair of elevator socks
312 leaves . . . to the amazement of everybody

CLASS PROPHECY

Scene
the tent of a swami . . . a swami seated at a table looking into a crystal ball . . . four observers
also seated at the table.

- Observer 1— O swami, can you tell us what the future holds for the class of 1964?
- Swami— The picture is becoming clearer. I can see everything now.
- 4 observers— We see it too!
- Swami— It's that wonderful year 1969 when
Curran marries Betty Crocker
Flash Albert becomes an assistant dress designer to Oleg Cassini
Vozella signs a no-cut contract with the New York Mets
- Observer 1 "Marcel" Palermo opens his first beauty salon
Nathanson loses the "Mr. Wonder" title to Georgie Albrecht
Lavine, Rutman, and Singer lead the annual St. Patrick Day Parade
- Observer 2 Thomas Thomas finally realizes that he has been writing his name backwards for years
We find Culman caught cheating on his blood test
Brilliant changes his name to a more suitable one

Observer	Cortese, DiAfetto, Coudara, Mariano, Natola, and Solomon open a Chinese Restaurant in Houbrook Square Chief Triant Officer Ernest Michelson skips work Schneider transfers to Boston State
Observer 4	Lynch becomes Goldzila's manager Lungo grows a 9th sinus cavity White becomes an apprentice little old wine maker
Swami 4	Davidson opens a Syrian bakery Albrecht becomes the Action giant Skagers is accepted as Minister Instructor at Arthur Murray's
Observer	Sweeney is chosen president of the detention club Shea and Sullivan lay siege to Miami Beach Spry translates F.H. into Latin for Mr. Dolan
Observer	Tom Chenette is washing windows of the 52nd floor of the Prudential Building without a ladder
Observer 4	In 1969 Dan Needham is found in Argentina with the class dues O'Neil becomes head of the Massachusetts Debating Society
Observer 4	Neal Katz is an Arabic teacher in Syria Sawdy is head of the Massachusetts State Highway Commission Brennan is convicted of leading a revolt of the West Point cadets
Swami	Dirko gets his M.A. from Shimer but is still looking for his B.I.S. diploma Henry Katz is killed by an avalanche the Enden didn't work Kinsky writes the Constitution in one square of a piece of graph paper
Observer 4	McDevitt finally gets his gym shirt washed Patz sells East Boston
Observer 4	Bill Timpson becomes campaign manager for Presidential hopeful Stan Krapanopolis We find Getman head of the Sons of Shillelagh Blue Hill Avenue Chapter Staniewicz is jailed for Bigamy
Observer	Pappas beats out Peter O'Toole for the leading role in Dillon's production of Lawrence of Arabia White becomes a plumbing expert Goldfarb becomes Arch Bishop of Boston
Observer	Mitchell DiSessa and Sabbag finally leave the Nurse's office Cartello is now selling used motor scooters We find Daly head of the Physics Department at B.I.S.
Swami—	We find "Digger" shutting out the Russians in the third game of the Olympics Surprising though it may seem we find Goldin
Observer	We find Loukas still trying to graduate McCarron is selling No-Doz pills to the refs at Boston Arena
Observer	Maffei is manager of Lurgi's Pizza in South Boston We find Williams cutting hair not his of course
Observer 4	We find Mannering a Five Star General in Colonel Kelly's private army We find Parham Head Basketball Coach at R.C. High he still charges them 25¢ a game Janev, Donovan, Lazin co-author the book "Easy Way to A's in Physics"
Observer 4—	Magid is eagerly awaiting news of admission to a certain university Murphy, Murphy, Murphy, and Murphy open a law firm next door to Smith, Smith, Smith and Smith
Swami	Mitnick writes a twenty volume history of man in invisible ink We find Art Cartland taking his father's place on the Boston School Committee In 1969 Korn becomes a colonel We find McGungie running on the Arab ticket for president of Israel
